

Skip Registration Form

April 2023 – March 2024

Application to Deposit a Skip on the Public Highway through Tameside Metropolitan Borough Council Central Register 2023-2024

I have read and understood the regulations relating to the depositing of a skip on the highway under Section 139, Highways Act 1980 and will adhere to them for each application for which permission is granted.

I agree to display company identification and provide cones and lamps in good working order for each skip placed on the Highway. I agree to only place skips on the highway which fully comply to the skip regulations. I agree to pay the Council's costs incurred in respect of any call-out associated with the public safety in relation to the skip or skips deposited on the highway.

Please enrol me on your central register to enable me to apply for permission to deposit a builder's skip on the Public Highway within the boundaries of Tameside Metropolitan Borough.
