

Millbrook Primary School

Millbrook Primary school became smokefree in 2018.

Millbrook Primary school won the Smokefree Gates artwork competition and the pupil's artwork is featured in the Smokefree Gates toolkit.

The school then took the necessary steps to become smokefree:

- Implemented the Smokefree Gates policy
- Communicated with staff, parents, carers in the local community they were smokefree
- Displayed the Smokefree Gates signage

Millbrook Primary School held smokefree sessions with the schools Safety Squad which discussed the Smokefree Gates scheme and designed their own posters and artwork.

The school celebrated their success of becoming smokefree and had a spotlight in a local newspaper.
