What are your thoughts on the proposed development allocations in Policy HSP S2E: Audenshaw?

Q17

What are your thoughts on Policy HSP S2F: Denton?

I strongly object to the proposed allocation of land east of Corrie Primary School, Exeter Avenue, Denton (HSP S2F – Allocation 5) for residential development.
This site is a well-used and highly valued piece of informal green space that plays an important role in daily community life. During the warmer months, children from the surrounding neighbourhood regularly use this field for outdoor play, including football, informal games, and activities such as badminton. Families also use the space for picnics and spending time together outdoors.
Many homes in the surrounding area have small private gardens, meaning this open space provides essential access to safe outdoor recreation for children and families who otherwise have very limited options nearby. The site is also heavily used by dog walkers throughout the year and contributes significantly to residents' physical and mental wellbeing.
Importantly, this field is one of the few places in the neighbourhood where children can play safely. Other nearby open spaces, such as Haughton Green Park near Tesco, are increasingly avoided by local families due to ongoing safety concerns. In my own experience, there is a lack of visible supervision or enforcement in that area, and incidents involving antisocial behaviour have made both children and parents feel unsafe. My own son refuses to play football there due to fear for his safety, and I have personally experienced verbal harassment when attempting to prevent damage to facilities.
There are also wider concerns locally about dangerous behaviour involving mopeds and attempted thefts, which further limits where children feel safe spending time outdoors. In contrast, the proposed site is a space where neighbours naturally keep an eye out for one another, creating a safer and more supportive environment. Children from the area feel comfortable using this field, and it has become a trusted and protected space for local families.
The permanent loss of this green space would therefore have a serious negative impact on community safety, children's wellbeing, and access to safe outdoor play. Such informal green spaces are vital and cannot be replaced once developed.
I am also concerned about the impact of additional housing on traffic and road safety. Traffic congestion and parking pressures around Corrie Primary School are already significant, particularly at drop-off and pick-up times. Further development would exacerbate these issues and increase risks to children and pedestrians.
In addition, the loss of permeable green land raises concerns about surface water drainage and local flood risk, as well as the negative impact on local biodiversity.
For these reasons, I believe this site is unsuitable for allocation and should be removed from the Local Plan.

Q5

Yes

Do you want your email address to be added to our consultation mailing list to be kept informed of future planning policy and related consultations in Tameside, including on Homes, Spaces, Places? *

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

Some of the locations you have chosen for homes is absurd. For example… destroying Denton & Fairfield golf club to build 700 homes and warehouses. Does any thought actually go into this or do you just see land and think “ah yes, that will do”.

Respondent skipped this question

[redacted]

- HSP S2E 36 flats = 72 cars
- HSP S2D 65 homes = 13 cars
- 1. 36 homes @ tram stop whats the proposal road structure as its between 2 very busy roads with a Tram running through!
- 2. Lack of school in area, DR, dentist, hospital overflowing
- Transport Ashton to MCR means these houses need cars to get around.
- Clarity on homes being social or private.
- Influence of anti-social behaviour
- Use of cycle lanes i.e guide bridge causing more traffic issue and cycle lanes rarely used.
- Causing traffic congestion already without expansion.
- Lack of policing in area.
- On road structure why are you using documents written up in 2004!!

From: [redacted]
Sent: 20 February 2026 22:33
To: Plan Policy
Subject: Objection to Allocation 6- Cedar Avenue (HSP S2L)

You don't often get email from [redacted] Learn why this is important

Caution: This email originated from outside of the Council. Do not click links or open attachments unless you recognise the sender ([redacted]) or know the content is safe. If in doubt, click 'Report Message' at the top of your inbox and select 'Phishing'

Dear Planning Policy Team,

I am writing to formally object to the proposed development of approximately 35 new homes on Allocation 6 – Cedar Avenue (2.03 hectares).

My objection is based on the following concerns:

1. Impact on Local Infrastructure
The surrounding roads, particularly around Spindle Point and Cedar Avenue, already experience congestion at peak times. An additional 35 homes would significantly increase traffic, parking pressures, and road safety risks, particularly for pedestrians and school children.

2. Pressure on Local Services
Local GP surgeries, schools, and other community services are already stretched. There is no clear evidence that infrastructure improvements will be delivered alongside this development to accommodate increased demand.

3. Loss of Green/Open Space and Wildlife Habitat
The site currently provides valuable open space that contributes to local biodiversity and offers visual relief within a densely developed residential area. Development would result in the loss of habitat for wildlife and reduce green space accessible to residents.

4. Character of the Area
Cedar Avenue and the surrounding neighbourhood consist largely of established housing with a defined character and spacing. A new housing estate of this scale risks overdevelopment and would be out of keeping with the existing layout and density of the area.

5. Drainage and Flood Risk
Given increasing incidents of heavy rainfall, there are concerns about surface water drainage. Developing this land may exacerbate flooding risks in surrounding residential streets unless substantial mitigation measures are guaranteed.

For the reasons outlined above, I respectfully request that this site allocation be reconsidered and removed from the Preferred Option Plan.

Thank you for the opportunity to comment on this proposal.

Yours faithfully,

[redacted]

Q24

What are your thoughts on Policy HSP S2I: Hyde?

this land should continue to be allocated for recreational .clause 7 + 8 of the vision.)
streets around this area are not suitable for traffic.

Q25

What are your thoughts on the proposed development allocations in Policy HSP S2I: Hyde?

streets around this area are not suitable for traffic. 3 streets are dead end ones and cannot take more traffic.
ambulances and fire cannot get access as it is. this should not be considered for housing. Hyde United should be allowed to use this as it was after the school was demolished. Lumn Rd is hard to get on to and is already congested. St Thomas Church will be affected as well as everyone in the area.
totally a bad idea.

Q26

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2I: Hyde?

Hyde is taking a battering with housing plans. totally unacceptable. no infrastructure whatsoever.

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

I wish to strongly express my disagreement with the planned solar panel installation on Werneth Low. Hyde. This area is highly valued by Tameside residents for whom Werneth Low is significantly important, for reasons such as the scattered ashes of lost family members and pets, and the loss of serviceman during the war, who are remembered on this special space, as well as other precious memories made by families and individuals on the recreational area. I myself have been visiting the beautiful hill for over 50 years and still visit regularly for my emotional wellbeing and to escape from the stresses of life and modern technology. The instillation of solar panels on this beautiful area would significantly impact on people's enjoyment of the Low, as it would be a huge, ugly blot on the stunning landscape.

Open green spaces are vitally important for the physical and emotional health of the residents of Tameside. It is also a precious habitat for many animal/bird/insect species,, and the proposed instillation would undoubtedly impact on their delicate eco system for certain.
There is no reasonable argument for this installation , as solar panels could easily be fitted to the tops of car parks, flats, supermarkets, libraries, homes, petrol stations etc where they would be out of view and easily accessible for maintenance.

Werneth Low should be protected as a valuable community resource for the residents of Tameside.

Page 4

Q8

What are your thoughts on Policy HSP S1: Overall Spatial Strategy?

I appreciate that homes need to be built, but brown site should be repurposed despite the cost, rather than destroy precious green spaces.

Q9

What are your thoughts on Policy HSP S2A: Eastern Growth Cluster

I agree with the focus to repurpose empty properties and unused town centre properties being used to meet housing needs.

Q10

What are your thoughts on Policy HSP S2B: Ashton Mayoral Development Zone?

I feel other towns within Tameside should receive support and funding for their development rather than most resources being concentrated on Ashton.

Q11

What are your thoughts on Policy HSP S2C: Hyde Triangle?

I do not agree with the planned housing development on Godley Green - yet another precious green space which is valued by residents for recreation.

Q12

What are your thoughts on Policy HSP S2D: Ashton-under-Lyne?

Again, I feel too much focus is given to developing Ashton with insufficient consideration being given to the needs of residents of towns such as Staybridge or Hyde.

Q13

What are your thoughts on the proposed development allocations in Policy HSP S2D: Ashton-under-Lyne?

If this is the area where the old mill once stood I would be pleased to see a housing development on there.

Q14

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2D: Ashton-under-Lyne?

I do not agree that regeneration is necessary. Funds should be focused on maintaining essential services within Tameside Council.

Q15

What are your thoughts on Policy HSP S2E: Audenshaw?

I am not sufficiently knowledgeable about the Audenshaw area in question to comment.

Q16

What are your thoughts on the proposed development allocations in Policy HSP S2E: Audenshaw?

As above.

Q17

What are your thoughts on Policy HSP S2F: Denton?

I feel the use of brown site in Denton would be a good use of space for house building.

Q18

What are your thoughts on the proposed development allocations in Policy HSP S2F: Denton?

I do not feel further development of Denton Town centre is required, apart from the housing need.

Q19

What are your thoughts on Policy HSP S2G: Droylsden?

I do not have sufficient knowledge of the area to comment.

Q20

What are your thoughts on the proposed development allocations in Policy HSP S2G: Droylsden?

As above.

Q21

What are your thoughts on the proposed Strategic Regeneration Area in Policy HSP S2G: Droylsden?

As above.

Q22

What are your thoughts on Policy HSP S2H: Dukinfield?

There are areas of Dukinfield which require some regeneration.

Q23

What are your thoughts on the proposed development allocations in Policy HSP S2H: Dukinfield?

I agree with the proposed plans for Bow Street and Globe Lane as the areas are in need of improvement. I do not feel Gate Street will be appropriate due to its close proximity to the sewage treatment works and the offensive smells in the area due to this., from my knowledge

Q24 **Respondent skipped this question**

What are your thoughts on Policy HSP S2I: Hyde?

Q25

What are your thoughts on the proposed development allocations in Policy HSP S2I: Hyde?

I do not agree with the destruction of green space areas and precious trees such as Cartwright Street and Arnside Drive and especially Godley Green. Canal Street, Leigh Street and other residential areas are much more appropriate areas to develop.

Q26

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2I: Hyde?

Whilst I appreciate that new housing is required I do strongly believe green spaces should be protected at all costs, and focus should be on brown sites, or neglected areas which can be repurposed. I don't feel sufficient consideration is being given on the importance of green spaces for our delicate eco system and the impact any loss of plants and trees has on our physical and mental health.

Q27

What are your thoughts on Policy HSP S2J: Longdendale?

I feel the development of the bypass has been watered down and will have very little impact.

Q28

What are your thoughts on the proposed development allocations in Policy HSP S2J: Longdendale?

These maps does not appear to represent the Longsendale area, and are Hyde/Hatterlsey.

Q29

What are your thoughts on Policy HSP S2K: Mossley?

Mossley would benefit from some regeneration.

Q30

What are your thoughts on the proposed development allocations in Policy HSP S2K: Mossley?

The first two options appear to be a good regeneration of the area. I disagree with the Waggon Road and Roaches proposals due to the destruction of green spaces.

Q31

What are your thoughts on Policy HSP S2L: Stalybridge?

As previously stated I feel Stalybridge would benefit from regeneration funding.

Q32

What are your thoughts on the proposed development allocations in Policy HSP S2L: Stalybridge?

As previously stated I would support development of area which are disused, neglected or in need to regeneration. I would only object to building on green spaces destroying essential habitats.

Q33

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2L: Stalybridge?

I feel Stalybridge would benefit from regeneration and the development of additional housing. It would be beneficial for the tram network to extend to Stalybridge.

Q34

If you have any further comments on the Spatial Framework, please provide them below.

Respondent skipped this question

Page 5

Q35

What are your thoughts on the strategic objective for Centres?

No further comment.

Q36

Do you wish to answer questions on each of the policy under the 'Centres' strategic objective?

No - if No, we'll move on to the next strategic objective, 'Environment'

Page 6

Q45

Respondent skipped this question

If you have any further comments on the Centres chapter of the plan, please provide them below.

Page 7

Q46

What are your thoughts on the strategic objective for Environment?

I feel insufficient focus is given on how vital green spaces, trees and plants are to our physical and mental health and our survival long term.

Q47

Do you wish to answer questions on each of the policy approach under the 'Environment' strategic objective?

No - if No, we'll move on to the next strategic objective - 'Homes'

[redacted]

- Droylsden is the forgotten part of Tameside. Plans come and go. Nothing is done to improve the infrastructure.
- The Concord Suite needs to be pulled down and the precinct rebuilt. It is an eyesore. Each year it looks more derelict.
- I live in the [redacted], which is mentioned several times, but the approach to it is terrible.
- No help is given for example we have repeatedly asked for some double yellow lines on Fairfield Road at the entrance, for about 3 metres, to allow us to get out safely out of the settlement and it never happens,
- If homes are built hopefully they will not be expensive that is out of reach of many.

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

In regards to the land at Ashton Hill Lane and the proposed28 homes. The area and roads are already heavily congested especially since the jam works estate was built. Cars are regularly in traffic jam outside my home on market street and I cannot open my house windows due the the traffic fumes. I think adding 28 new homes with. Spaces at local drs and dentists is ridiculous and does not help the local residents or business owners.

Q4

Postal Address

[redacted]

Q5

No

Do you want your email address to be added to our consultation mailing list to be kept informed of future planning policy and related consultations in Tameside, including on Homes, Spaces, Places? *

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

I believe it is time for the council to be building adequate solar powered farms and housing but this should not be at a consequences of loosing more of our local green belt. I do not believe this is the only site that the solar farm could be located at werneth park nor do I believe any consultation has been taken for the loss of nature and the effect it will have on the environment and local people. Therefore, I would like to object the development of the solar farm on werneth park

Page 4

Q8

What are your thoughts on Policy HSP S1: Overall Spatial Strategy?

Review of the environmental impact and nature is required. The brown areas should be regenerated before considering using green areas. Local councils need to prevent the green belts from being destroyed and look at using derelict sites when regenerating areas for housing and solar farming.

Q9

What are your thoughts on Policy HSP S2A: Eastern Growth Cluster

Review of the environmental impact and nature is required. The brown areas should be regenerated before considering using green areas. Local councils need to prevent the green belts from being destroyed and look at using derelict sites when regenerating areas for housing and solar farming.

Q10

What are your thoughts on Policy HSP S2B: Ashton Mayoral Development Zone?

Review of the environmental impact and nature is required. The brown areas should be regenerated before considering using green areas. Local councils need to prevent the green belts from being destroyed and look at using derelict sites when regenerating areas for housing and solar farming.

Q11

What are your thoughts on Policy HSP S2C: Hyde Triangle?

Review of the environmental impact and nature is required. The brown areas should be regenerated before considering using green areas. Local councils need to prevent the green belts from being destroyed and look at using derelict sites when regenerating areas for housing and solar farming.

Q12

What are your thoughts on Policy HSP S2D: Ashton-under-Lyne?

Review of the environmental impact and nature is required. The brown areas should be regenerated before considering using green areas. Local councils need to prevent the green belts from being destroyed and look at using derelict sites when regenerating areas for housing and solar farming.

Q13

What are your thoughts on the proposed development allocations in Policy HSP S2D: Ashton-under-Lyne?

Review of the environmental impact and nature is required. The brown areas should be regenerated before considering using green areas. Local councils need to prevent the green belts from being destroyed and look at using derelict sites when regenerating areas for housing and solar farming.

Q14

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2D: Ashton-under-Lyne?

Review of the environmental impact and nature is required. The brown areas should be regenerated before considering using green areas. Local councils need to prevent the green belts from being destroyed and look at using derelict sites when regenerating areas for housing and solar farming.

Q15

What are your thoughts on Policy HSP S2E: Audenshaw?

Review of the environmental impact and nature is required. The brown areas should be regenerated before considering using green areas. Local councils need to prevent the green belts from being destroyed and look at using derelict sites when regenerating areas for housing and solar farming.

Q16

What are your thoughts on the proposed development allocations in Policy HSP S2E: Audenshaw?

Review of the environmental impact and nature is required. The brown areas should be regenerated before considering using green areas. Local councils need to prevent the green belts from being destroyed and look at using derelict sites when regenerating areas for housing and solar farming.

Q17

What are your thoughts on Policy HSP S2F: Denton?

Review of the environmental impact and nature is required. The brown areas should be regenerated before considering using green areas. Local councils need to prevent the green belts from being destroyed and look at using derelict sites when regenerating areas for housing and solar farming.

Q18

What are your thoughts on the proposed development allocations in Policy HSP S2F: Denton?

Review of the environmental impact and nature is required. The brown areas should be regenerated before considering using green areas. Local councils need to prevent the green belts from being destroyed and look at using derelict sites when regenerating areas for housing and solar farming.

Q19

What are your thoughts on Policy HSP S2G: Droylsden?

Review of the environmental impact and nature is required. The brown areas should be regenerated before considering using green areas. Local councils need to prevent the green belts from being destroyed and look at using derelict sites when regenerating areas for housing and solar farming.

Q20

What are your thoughts on the proposed development allocations in Policy HSP S2G: Droylsden?

Review of the environmental impact and nature is required. The brown areas should be regenerated before considering using green areas. Local councils need to prevent the green belts from being destroyed and look at using derelict sites when regenerating areas for housing and solar farming.

Q21

What are your thoughts on the proposed Strategic Regeneration Area in Policy HSP S2G: Droylsden?

Review of the environmental impact and nature is required. The brown areas should be regenerated before considering using green areas. Local councils need to prevent the green belts from being destroyed and look at using derelict sites when regenerating areas for housing and solar farming.

Q22

What are your thoughts on Policy HSP S2H: Dukinfield?

Review of the environmental impact and nature is required. The brown areas should be regenerated before considering using green areas. Local councils need to prevent the green belts from being destroyed and look at using derelict sites when regenerating areas for housing and solar farming.

Q23

What are your thoughts on the proposed development allocations in Policy HSP S2H: Dukinfield?

Review of the environmental impact and nature is required. The brown areas should be regenerated before considering using green areas. Local councils need to prevent the green belts from being destroyed and look at using derelict sites when regenerating areas for housing and solar farming.

Q24

What are your thoughts on Policy HSP S2I: Hyde?

Review of the environmental impact and nature is required. The brown areas should be regenerated before considering using green areas. Local councils need to prevent the green belts from being destroyed and look at using derelict sites when regenerating areas for housing and solar farming.

Q25

What are your thoughts on the proposed development allocations in Policy HSP S2I: Hyde?

Review of the environmental impact and nature is required. The brown areas should be regenerated before considering using green areas. Local councils need to prevent the green belts from being destroyed and look at using derelict sites when regenerating areas for housing and solar farming.

Q26

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2I: Hyde?

Review of the environmental impact and nature is required. The brown areas should be regenerated before considering using green areas. Local councils need to prevent the green belts from being destroyed and look at using derelict sites when regenerating areas for housing and solar farming.

Q27

What are your thoughts on Policy HSP S2J: Longdendale?

Review of the environmental impact and nature is required. The brown areas should be regenerated before considering using green areas. Local councils need to prevent the green belts from being destroyed and look at using derelict sites when regenerating areas for housing and solar farming.

Q28

What are your thoughts on the proposed development allocations in Policy HSP S2J: Longdendale?

Review of the environmental impact and nature is required. The brown areas should be regenerated before considering using green areas. Local councils need to prevent the green belts from being destroyed and look at using derelict sites when regenerating areas for housing and solar farming.

Q29

What are your thoughts on Policy HSP S2K: Mossley?

Review of the environmental impact and nature is required. The brown areas should be regenerated before considering using green areas. Local councils need to prevent the green belts from being destroyed and look at using derelict sites when regenerating areas for housing and solar farming.

Q30

What are your thoughts on the proposed development allocations in Policy HSP S2K: Mossley?

Review of the environmental impact and nature is required. The brown areas should be regenerated before considering using green areas. Local councils need to prevent the green belts from being destroyed and look at using derelict sites when regenerating areas for housing and solar farming.

Q31

What are your thoughts on Policy HSP S2L: Stalybridge?

Review of the environmental impact and nature is required. The brown areas should be regenerated before considering using green areas. Local councils need to prevent the green belts from being destroyed and look at using derelict sites when regenerating areas for housing and solar farming.

Q32

What are your thoughts on the proposed development allocations in Policy HSP S2L: Stalybridge?

Review of the environmental impact and nature is required. The brown areas should be regenerated before considering using green areas. Local councils need to prevent the green belts from being destroyed and look at using derelict sites when regenerating areas for housing and solar farming.

Q33

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2L: Stalybridge?

Review of the environmental impact and nature is required. The brown areas should be regenerated before considering using green areas. Local councils need to prevent the green belts from being destroyed and look at using derelict sites when regenerating areas for housing and solar farming.

Q34

If you have any further comments on the Spatial Framework, please provide them below.

Review of brown areas for development and solar farming before destroying green areas

Dear Planning Policy Team,

I am writing to formally object to the proposed development of approximately 35 new homes on Allocation 6 – Cedar Avenue (2.03 hectares).

My objection is based on the following concerns:

1. Impact on Local Infrastructure
The surrounding roads, particularly around Spindle Point and Cedar Avenue, already experience congestion at peak times. An additional 35 homes would significantly increase traffic, parking pressures, and road safety risks, particularly for pedestrians and school children.

2. Pressure on Local Services
Local GP surgeries, schools, and other community services are already stretched. There is no clear evidence that infrastructure improvements will be delivered alongside this development to accommodate increased demand.

3. Loss of Green/Open Space and Wildlife Habitat
The site currently provides valuable open space that contributes to local biodiversity and offers visual relief within a densely developed residential area. Development would result in the loss of habitat for wildlife and reduce green space accessible to residents.

4. Character of the Area
Cedar Avenue and the surrounding neighbourhood consist largely of established housing with a defined character and spacing. A new housing estate of this scale risks overdevelopment and would be out of keeping with the existing layout and density of the area.

5. Drainage and Flood Risk
Given increasing incidents of heavy rainfall, there are concerns about surface water drainage. Developing this land may exacerbate flooding risks in surrounding residential streets unless substantial mitigation measures are guaranteed.

For the reasons outlined above, I respectfully request that this site allocation be reconsidered and removed from the Preferred Option Plan.

Thank you for the opportunity to comment on this proposal.

Yours faithfully,

[redacted]

Re proposal HSP S2E

I am writing to Lodge an objection to the proposed plans for 65 houses in between Snipe way & the motorway.

It is utterly preposterous to suggest that (Around) 65 new home can be built in such a small and unsuitable space, a space between a busy retail park where articulated vehicles are in constant operation and in direct proximity to the M60!
This is not a proposal for housing, this is a proposal that people could live in an as yet untapped and imaginative Level of hell, the fact that this has even been proposed shows compete disrespect to the people that you suggest could live in such conditions

Let me show you the area you have outlined on your "out of date" ordinance map, for clarity I have marked the motorway, the retail park and the area you suggest could be a suitable area to live

Back to your ordinance map, it shows that a proportion of the suggested area is in fact the gardens of the residents of park road and a significant proportion of slate, I have highlighted this in green as I thought it was appropriate considering the actual green areas that you have allowed planning in our area over the years!

During the meeting at Rycroft hall (Wed 28/01/26) we were told that no land would be taken and that it was because the maps used were out of date, I trust that this would make proposed area much smaller

than 0.93 Hectares and would further illustrate that this proposal is absurd

5.122 Development allocations

HSP S2E: Allocation 1: Ashton Canal (0.93 hectares): for around 65 new homes

I think it is fair to suggest that most families have 2 cars, 65 houses x 2 cars = 130 cars!!Where would these park?, the outlined area alone could not accommodate 65 – 130 cars never mind 65 homes, to say otherwise is ludicrous.I believe that the recent application from Aldi was rejected because of similar concerns regarding the increased traffic it would bring to the area

Access would also be a huge issue; how will the families and cars have access to the homes.

Please see image below showing the only way to access the proposed are (Red line)

At the meeting at Rycroft Hall we were told that Slate Lane would not be developed from a single lane ancient highway with no pavements into a road to access the proposed area, how would the homes be serviced, how would emergency services, bin lorries, deliveries etc have access etc

If this proposed planning is approved, I can see no other option than to further develop Slate lane which would then be used as a shortcut to the retail park to bypass Manchester Road,

This would be untenable; the increased traffic would be dangerous and effect not only the Lane but the entire residential area around Rycroft (Park Road, Lumb Lame & Watergate!

Below is an image Slate Lane where it leads to the back of the Snipe retail park where the site if proposed where the lane ends marks the start of the site

The residents of Rycroft have been constantly ignored when we object to planning over the years, Slate lane has been overdeveloped against the strong wishes of all in the area with the construction of houses that are not only sympathetic to the majority of the 1930 bungalow that makes up the majority of area but completely unsuitable and I fear this will happen again with further loss of trees and natural wildlife habits

Let me show you examples of the lane has been negatively affected

So in summery I strongly object for the following reasons below

Too Many homes within area

Overdevelopment of the site

Adverse impact on the amenity of the occupiers of neighbouring properties and road layouts to the area

Noise pollution as it is in-between a retail park & motorway

Not in keeping with the area

Spoil the street scene if slate lane was further developed

Highway safety, area is inaccessible for the needs of home development

Highway safety, would create too much traffic

Highways safety Slate being too narrow and heavily used by users of Manchester Cycle Network

Adverse impact on bio-diversity and ecological disregard

Adverse impact on the character and appearance of the area having regard to the scale and form of the development

Threat to highway safety by virtue of the level of proposed car parking and the nature of the highway in the vicinity of the application site.

Parking capacity

Overlooking and loss of privacy

Continuous overdevelopment and surrounding area & its loss of character

Yours sincerely

To: Plan Policy
Subject: Home spaces places feedback- Audenshaw allocation 1 (Ashton canal) and allocation 2 (tram stop)

You don't often get email from [redacted]. Learn why this is important

Caution: This email originated from outside of the Council. Do not click links or open attachments unless you recognise the sender ([redacted]) or know the content is safe. If in doubt, click 'Report Message' at the top of your inbox and select 'Phishing'

[redacted]

Before beginning my objections to this proposed development I would like to highlight an inaccuracy on the map provided by the council.

On Slate Lane Audenshaw near the Park Road junction your map shows a single dwelling in a large plot of land.
Up until approximately 2 years ago it was a bungalow with a huge garden and a valuable eco space with established trees and backed onto the canal for wildlife.

It has since been bulldozed by a developer and 5 huge huge houses built on them sold between £550,000-£600,000.

The map you are showing for your plans is inaccurate and outdated which doesn't bode well for the rest of the information you provide.

Objections to your justifications for the Policy HSP S2E Audenshaw:
Allocation 1 Ashton Canal -65 new homes
Allocation 2 Audenshaw tram stop -36 new homes

5:116
Audenshaw is already hugely congested due to the proximity to the M60 Ashton junction and new housing developments that have already been constructed eg King's Road and on the site of the old Robertons factory.

Access to the Snipe retail estate adds to the congestion on a daily basis as does the disgraceful condition of the roads which will become worse with increased housing/cars.

The junction where Lumb lane meets Manchester Road on the one way system, is currently horrendously congested every day with cars and the tram passing through adds to the back log of cars.

Building 36 houses at allocation 2 is absolutely ridiculous and not thinking of anyone's safety.
The access and parking for these homes would be limited in the extreme.

When the tram stop was planned there were already houses on this site and they were purchased by CPO as it wasn't seen appropriate to have homes so close to the tram stop.

Why has that changed now especially as that road is even busier now than it was 20 years ago?

Allocation 1 is near Slate lane which is an ancient highway which is protected.
The lane is narrow and in the 40 years we have lived here has only once been resurfaced - in 2018.

The lane is narrow and will not accommodate 65 new homes and minimum of 2 cars per house using it. It is not feesable or sustainable in terms of safety or sustainability.
It access the main road via Park Road or Lumb lane and these junctions are already too congested.
Park Road is narrow and has limited access for traffic.
New homes will cause more congestion issues for residents of Park Road and the businesses on the front opposite the tram stop at Audenshaw.

5:117

Current cycle lanes around Guide bridge and Audenshaw have been built and have simply added to traffic chaos.
Around bus stops they have decreased safety for pedestrians getting on and off buses.

The trams are already unreliable and not safe due to lack of security for passengers.

Public transport already lets passengers down and this won't improve if usage increases.

5:119

Both allocation 1 and 2 already have green eco spaces that are thriving and needs to be protected not built on.
Canal pathways only have limited maintenance as it is so 65 new homes/families will add to the pressure to maintain them by the canal and river trust.
They are not safe or clean and prone to fly tipping.

5:120
For this proposal there is not enough investment in local towns and shops. Ashton and Droylsden have been left to become run down with no notable stores. The council seems determined to saturate the towns with certain shops and wasting money on yet again revamping a market that no one wanted.

There is no infrastructure investment to support more housing in this area on both allocation 1 and 2. GPs are struggling and schools are over subscribed.

No more housing plans until GPs are sorted and current residents have access to health care.

Improve the current shopping areas to encourage businesses and provide jobs.

Thank you

[redacted]

Q4

Postal Address

[redacted]

Q5

Yes

Do you want your email address to be added to our consultation mailing list to be kept informed of future planning policy and related consultations in Tameside, including on Homes, Spaces, Places? *

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

Its sounds good in principle but there are already too many new builds in Audenshaw, with no planning for extra gps, schools etc

Page 4

Q8 **Respondent skipped this question**

What are your thoughts on Policy HSP S1: Overall Spatial Strategy?

Q9 **Respondent skipped this question**

What are your thoughts on Policy HSP S2A: Eastern Growth Cluster

Q10

What are your thoughts on Policy HSP S2B: Ashton Mayoral Development Zone?

Ashton needs money spending on it and completely redevelopment

Q11 **Respondent skipped this question**

What are your thoughts on Policy HSP S2C: Hyde Triangle?

Q12 **Respondent skipped this question**

What are your thoughts on Policy HSP S2D: Ashton-under-Lyne?

Q13 **Respondent skipped this question**

What are your thoughts on the proposed development allocations in Policy HSP S2D: Ashton-under-Lyne?

Q14 **Respondent skipped this question**

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2D: Ashton-under-Lyne?

Q15

What are your thoughts on Policy HSP S2E: Audenshaw?

Would make the area an eyesore, removes a wildflower spaces for insects and birds. Also no school spaces available at aldwyn, cannot get into medlock vale gp now, traffic around there is chaotic at all times, would be dangerous with tram lines and so many traffic lights.

Q16

What are your thoughts on the proposed development allocations in Policy HSP S2E: Audenshaw?

No extra school places or gp facilities for this many houses, plus traffic congestion is terrible around there at all times now.

Q17 **Respondent skipped this question**

What are your thoughts on Policy HSP S2F: Denton?

Q18 **Respondent skipped this question**

What are your thoughts on the proposed development allocations in Policy HSP S2F: Denton?

Q19 **Respondent skipped this question**

What are your thoughts on Policy HSP S2G: Droylsden?

Q20 **Respondent skipped this question**

What are your thoughts on the proposed development allocations in Policy HSP S2G: Droylsden?

Q21 **Respondent skipped this question**

What are your thoughts on the proposed Strategic Regeneration Area in Policy HSP S2G: Droylsden?

Q22 **Respondent skipped this question**

What are your thoughts on Policy HSP S2H: Dukinfield?

Q23 **Respondent skipped this question**

What are your thoughts on the proposed development allocations in Policy HSP S2H: Dukinfield?

Q24 **Respondent skipped this question**

What are your thoughts on Policy HSP S2I: Hyde?

Q25

What are your thoughts on the proposed development allocations in Policy HSP S2I: Hyde?

Respondent skipped this question

Q26

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2I: Hyde?

Respondent skipped this question

Respondent skipped this question

[redacted]

- HSP S2E Allocation 1 – Ashton Canal:
- NO! NO! NO!
- Too much traffic already no infrastructure in place i.e. schools, doctors, dentists. Who dreams up these plans
- HSP S2E Allocation 2 – Audenshaw Tram Stop:
- How could this work? Two of the busiest roads plus slip roads to Asthon Ave, Park Rd, Ryecroft Halll. Come on planners show some sense!

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

I am opposed to a section of the Homes, Spaces, Places Vision on most points. Mainly being the idea of resurrecting Kingswater and trying to push this through AGAIN, when it has already been opposed by the secretary of state!

Page 4

Q8

What are your thoughts on Policy HSP S1: Overall Spatial Strategy?

Respondent skipped this question

Q9

What are your thoughts on Policy HSP S2A: Eastern Growth Cluster

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2D: Ashton-under-Lyne?

Respondent skipped this question

Q15

What are your thoughts on Policy HSP S2E: Audenshaw?

Respondent skipped this question

Q16

What are your thoughts on the proposed development allocations in Policy HSP S2E: Audenshaw?

It is an utter disgrace that you are willing to even consider building 700 homes and industrial units across Denton and Fairfield Golf Courses.
There are already limited green spaces within Tameside. These places have history and heritage. The amount of wildlife, including the lake which would be destroyed it terribly upsetting. We are supposed to support these areas. Not tear them apart.
People need places where they can walk, run, meet, take in natural nature and this would be taken away. It's a disgrace and should wholeheartedly removed from the plans.
To mention also, Denton roundabout is already an accident hot spot. Increasing traffic and HGV transport would gridlock the entire vicinity around the area. I understand the need to build houses, but not rip up and destroy part of Audenshaw history. It is the only green lung left of East Manchester.

Q4

Postal Address

[redacted]

Q5

Yes

Do you want your email address to be added to our consultation mailing list to be kept informed of future planning policy and related consultations in Tameside, including on Homes, Spaces, Places? *

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

Tameside council seem hell bent on building on every bit of green space they can. The proposed development at Godley Green, Two Trees School, Yew Tree Rd, Kingswater etc… is of a scale that current infrastructure cannot support and will have a hugely detrimental impact to the character of the area. We all recognise that there is a need for additional housing but it needs to be proportionate and accompanied by appropriate infrastructure which is not evident.

Page 4

Q8

What are your thoughts on Policy HSP S1: Overall Spatial Strategy?

A complete overkill on housing development. Air quality in the area was such that there was a huge Clean Air project (the largets in Europe) planned at a cost of millions. It hasn't gone away just because we have electric buses, and the development of housing in the area in the plan is not supported by sufficient improvements in the road network or the public transport system, other than one single rail line to attempt to justify the monstrous Godley Green development. All the green areas that will be concreted over and all the additional cars that will be piling into already badly congested roads seem completely at odds with the focus on air quality that necessitate such huge investment only a couple of years ago.

Q16

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2E: Audenshaw?

Q17

What are your thoughts on Policy HSP S2F: Denton?

The need for reasonable increases in housing provision is not contested , but this policy is a litany of over-development. It provides little detail in essential infrastructure to support this level of development and I am deeply suspicious that any of the additional infrastructure plans will committed to before the button is pressed on the mad rush to build that Tameside Council seems to be fixated upon. This plan threatens to adversely impact the character of Denton and severly impact in many ways the health and well being of current and future residents.

Q18

What are your thoughts on the proposed development allocations in Policy HSP S2F: Denton?

1) Traffic. Existing traffic volumes are beyond capacity. Haughton Green ("HG") is already a traffic congestion problem . The only exits are already complete bottlenecks of traffic. This is not particularly caused by it's own local traffic. You only have to look at the volume of traffic coming via Mill Lane or Moorfield Avenue from the A57 Hyde, using HG as a rat-run to the M60 at Bredbury or Denton Island, and pouring into the junction at Three Lane Ends to see the problem for the locals. Go there at 08.00 on any weekday and you will see the long queues. 300+ houses at the Two Trees Development at , say 1.5 cars per house , will throw c 500 more cars into a road that already can't accomodate existing traffic levels. Add to that a proportion of the traffic thrown out by Godley Green (because the road network through Woodley / Bredbury is not able to take the level of traffic from 2,000 + houses !) and a large section of the main road in an out of HG is in danger of becoming car park. If all this development is to take place, then help protect HG e.g. consider a bus gate at the junction of A57 (Manchester Rd) and Mill Lane whereby only buses can pass between the hours of 7.00 and 10.00. Traffic can still use Alfred St and Frances St to access Mill Lane but it will be slow and will disincentivise rat-runners from using HG as a cut through to the M60.

Incidentally , the only public transport service for HG is the bus network, using that congested road network, so it suffers from non-reliability and is not an attractive alternative for people.
2) Housing - I accept the need for additional housing, but it must be proportional. The plan for Two Trees School surely constitutes overdevelopment of the area. We previously had assurances that development would be limited to the footprint of the old school, retaining the former playing fields as green space. That would be proportional and more likely to be acceptable to locals. As for the "Pocket Park" on Mill Lane, that is a valuable community resource and should remain so.

3) Infrastructure - Aside from the main roads in and out of HG, commented in 1) above, the scale of development would place unacceptable pressure on local roads and junctions, parking for local facilities , school places, GP and health services. There is a complete lack of clarity in the plan on how this can be addressed

4) • Loss of Green space combined with increased traffic are a recipe for deteriorations in air quality, health and wellbeing and and general quality of life for the residents of HG. Green spaces like the former school playing fields provide recretional opportunities that will be need for the very houses that are planned , and are important for residents mental heath and well-being. . It is a real concern that there will be a steady erosion of those green buffers which not only help maintain air quality and provide recreation and a healthier environment , but are also part of the fabric and character of HG.

5) General points. It appears to me the plan for Two Trees is is driven by maximising additional housing units to meet targets , rather than suitability for the infrastructure character of HG or the wellbeing and interests of its existing and future residents.

The other housing developments will exacerbate the traffic problems in the area e.g. Yew Tree will add traffic volume heading to M60 at Bredbury . Of course , in typical non-joined up thinking, none of this takes into account the addition inevitable increase of HGV traffic that will come through Denton if the revised plan for Development of Bredbury Parkway is approved by Stockport MBC.

Q34

If you have any further comments on the Spatial Framework, please provide them below.

The whole process seems to be a box ticking exercise. A hugely complicated policy ; How is the average person supposed to digest a 425 page document ? How is the average person supposed to navigate such a complex feedback process? It seems to have been designed to make the task of provided feedback as onerous as possible and seems that there is very little focus on actually getting the views of residents . Even this survey seems to have been designed to be so wide ranging and all encompassing so as to make it so time consuming to navigate and provide comment , that people will give up ! The "consultation" event at Denton Wellness centre in January was a complete joke . Very little detail provided and insufficient numbers of staff to deal with the numbers of interested residents.

If you have any further comments on the People chapter of the plan, please provide them below.

Respondent skipped this question

Page 15

Q80

What are your thoughts on the strategic objective for Travel?

No realistic likelyhood of getting the metrolink extended through Denton in my lifetime. Meanwhile, your plan for massive scale housing development across Tameside threatens to throw thousands of additional vehicles onto roads that can't cope with exiting traffic volumes. Throttling traffic in Denton town centre even further by reducing lanes to accompodate cycle lanes that in all likelyhood will see minimal actual usage is bonkers ; particularly when it is widely accepted that the development at Bredbury Parkway would increase HGV traffic through Denton Town Centre if approved by Stockport, as seems likely this time.

Q81

Do you wish to answer questions on each of the policy approach under the 'Travel' strategic objective?

No - if No, we'll move on to the next strategic objective - Places

Q5

Yes

Do you want your email address to be added to our consultation mailing list to be kept informed of future planning policy and related consultations in Tameside, including on Homes, Spaces, Places? *

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

Sounds good in principal

Page 4

Q8 **Respondent skipped this question**

What are your thoughts on Policy HSP S1: Overall Spatial Strategy?

Q9 **Respondent skipped this question**

What are your thoughts on Policy HSP S2A: Eastern Growth Cluster

Q10 **Respondent skipped this question**

What are your thoughts on Policy HSP S2B: Ashton Mayoral Development Zone?

Q11 **Respondent skipped this question**

What are your thoughts on Policy HSP S2C: Hyde Triangle?

Q12 **Respondent skipped this question**

What are your thoughts on Policy HSP S2D: Ashton-under-Lyne?

Q13 **Respondent skipped this question**

What are your thoughts on the proposed development allocations in Policy HSP S2D: Ashton-under-Lyne?

Q14 **Respondent skipped this question**

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2D: Ashton-under-Lyne?

Q15 **Respondent skipped this question**

What are your thoughts on Policy HSP S2E: Audenshaw?

Q16

What are your thoughts on the proposed development allocations in Policy HSP S2E: Audenshaw?

This is totally disgusting for these proposals to even be thought of. Both allocation 1 & 2 will see traffic in this area escalate to levels which cannot be safely managed. Yellow box parking during peak times is already an issue when trying to get to work in a morning, during football matches and normally busy/routine commute times. These proposals should be declined

Q17

Respondent skipped this question

What are your thoughts on Policy HSP S2F: Denton?

Q18

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2F: Denton?

Q19

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2L: Stalybridge?

Q34

Respondent skipped this question

If you have any further comments on the Spatial Framework, please provide them below.

Page 5

Q35

What are your thoughts on the strategic objective for Centres?

You are putting through proposals for safe places etc where you are losing valuable green spaces, overloading already existing transport routes when the alternative public transport cannot flow due to the congestion created by more housing etc being granted.

Q36

Do you wish to answer questions on each of the policy under the 'Centres' strategic objective?

No - if No, we'll move on to the next strategic objective, 'Environment'

Page 6

Q37

What are your thoughts on Policy HSP C1: Network, Hierarchy and Designation of Centres?

Respondent skipped this question

Q38

What are your thoughts on Policy HSP C2: Primary Shopping Areas?

Respondent skipped this question

Q39

What are your thoughts on Policy HSP C3: Development and Change of Use in Designated Centres?

Respondent skipped this question

Q40

What are your thoughts on Policy HSP C4: Local Shopping Areas and Parades?

What are your thoughts on Policy HSP C7: Healthier Food Environment?

Respondent skipped this question

Q44

What are your thoughts on Policy HSP HSP C8: Food, Drink and Leisure Uses in Centres?

Respondent skipped this question

Q45

If you have any further comments on the Centres chapter of the plan, please provide them below.

Respondent skipped this question

Page 7

Q46

What are your thoughts on the strategic objective for Environment?

You are literally going against your objective by getting rid of green space for more housing/commercial plans being proposed.

Q47

Do you wish to answer questions on each of the policy approach under the 'Environment' strategic objective?

No - if No, we'll move on to the next strategic objective - 'Homes'

Page 8

Q48

What are your thoughts on Policy HSP E1: Renewable and Low Carbon Energy?

Respondent skipped this question

Q49

What are your thoughts on Policy HSP E2: Surface Water and Water Efficiency?

Respondent skipped this question

Q50

What are your thoughts on Policy HSP E3: Biodiversity and Geodiversity?

Respondent skipped this question

Q51

If you have any further comments on the Environment chapter of the plan, please provide them below.

Respondent skipped this question

Page 9

Q52

What are your thoughts on the strategic objective for Homes?

No new housing is affordable. You certainly do not make use of land efficiently and any previously developed sites are left to ruin.

Q53

Do you wish to answer questions on each of the policy approach under the 'Homes' strategic objective?

No - if No, we'll move on to the next strategic objective - Jobs

Page 10

Q54

What are your thoughts on Policy HSP H1: Housing Size, Type, Mix and Tenure?

Respondent skipped this question

Q55

What are your thoughts on Policy HSP H2: Meeting Affordable Housing Needs?

Respondent skipped this question

Q56

What are your thoughts on Policy HSP H3: Meeting specific housing needs?

Respondent skipped this question

Q59

What are your thoughts on Policy HSP H6: Gypsy, Traveller and Travelling Showpeople?

Respondent skipped this question

Q60

If you have any further comments on the Homes chapter of the plan, please provide them below.

Respondent skipped this question

Page 11

Q61

What are your thoughts on the strategic objective for Jobs?

No, you have rates too high for any local small business to thrive. There are still large number of building empty that larger companies occupied that have been left to ruin for years and nothing is done about them. Just eyesores.

Q62

Do you wish to answer questions on each of the policy approach under the 'Jobs' strategic objective?

No - if No, we'll move on to the next strategic objective - People

Page 12

Q63

What are your thoughts on Policy HSP J1: Existing Employment Areas?

Respondent skipped this question

Q64

What are your thoughts on Policy HSP J2: New Employment Development?

Respondent skipped this question

Q65

What are your thoughts on Policy HSP J3: Assessing the Loss of Employment Land or Accommodation?

Respondent skipped this question

What are your thoughts on Policy HSP J4: The Visitor Economy?

Respondent skipped this question

Q67

If you have any further comments on the Jobs chapter of the plan, please provide them below.

Respondent skipped this question

Page 13

Q68

What are your thoughts on the strategic objective for People?

Not enough public services for people to access. Health services are very poor and struggle to get appointments anymore.

Q69

Do you wish to answer questions on each of the policy approach under the 'People' strategic objective?

No - if No, we'll move on to the next strategic objective - Travel

Page 9

Q52

What are your thoughts on the strategic objective for Homes?

Capesthorne fueld should not be built on. This is utilised by local children and dig walkers throughout the year and is our only nearby green space. [redacted] Why are you taking away my right to open green space.? Also there are only 2 roads in/out of yew tree denton estate, which are currently queuing traffic at rush hour. Adding potentially another 100 plus cars is an accident waiting to happen, trying to exit onto Stockport Rd, or past a school on town lane.

Q53

Do you wish to answer questions on each of the policy approach under the 'Homes' strategic objective?

No - if No, we'll move on to the next strategic objective - Jobs

Q54

What are your thoughts on Policy HSP H1: Housing Size, Type, Mix and Tenure?

Respondent skipped this question

Q55

What are your thoughts on Policy HSP H2: Meeting Affordable Housing Needs?

Respondent skipped this question

Q56

What are your thoughts on Policy HSP H3: Meeting specific housing needs?

Respondent skipped this question

Q57

What are your thoughts on Policy HSP H4: Build to Rent?

Respondent skipped this question

Q58

What are your thoughts on Policy HSP H5: Houses in Multiple Occupation (HMO)?

Respondent skipped this question

Q59

What are your thoughts on Policy HSP H6: Gypsy, Traveller and Travelling Showpeople?

Respondent skipped this question

Q60

If you have any further comments on the Homes chapter of the plan, please provide them below.

Respondent skipped this question

Page 11

Q61

What are your thoughts on the strategic objective for Jobs?

Planning to build more houses in denton when there are not the businesses to support enough jobs seems mad. Build the houses in outlying areas nearer to trading estates where jobs maybe in more supply.

Q62

Do you wish to answer questions on each of the policy approach under the 'Jobs' strategic objective?

No - if No, we'll move on to the next strategic objective - People

Page 12

Q63

What are your thoughts on Policy HSP J1: Existing Employment Areas?

Respondent skipped this question

Q64

What are your thoughts on Policy HSP J2: New Employment Development?

Q66

What are your thoughts on Policy HSP J4: The Visitor Economy?

Respondent skipped this question

Q67

If you have any further comments on the Jobs chapter of the plan, please provide them below.

Respondent skipped this question

Page 13

Q68

What are your thoughts on the strategic objective for People?

I purchased my house on [redacted] specifically as my outlook was a green field. Why are you removing my rights to my view and access to green field space? We already have issues trying to get a doctors appointment and waiting lists at schools, how is the potential influx of new families going to cope. The area is just not equipped to cope with more and you will ruin a reasonably nice estate. I dread to think what will happen to the crime rate with all the additional proposed housing putting a strain on all areas if our lives here

Q69

Do you wish to answer questions on each of the policy approach under the 'People' strategic objective?

No - if No, we'll move on to the next strategic objective - Travel

Page 14

Q70

What are your thoughts on Policy HSP PE1: Development and Healthier Environments?

Respondent skipped this question

Q71

What are your thoughts on Policy HSP PE2: Protection and Enhancement of Open Spaces?

What are your thoughts on Policy HSP PE8: Provision of Health and Social Care Facilities?

Respondent skipped this question

Q78

What are your thoughts on Policy HSP PE9: Tameside General Hospital?

Respondent skipped this question

Q79

If you have any further comments on the People chapter of the plan, please provide them below.

Respondent skipped this question

Page 15

Q80

What are your thoughts on the strategic objective for Travel?

If the proposed new housing is not moved away from yew tree denton Estate, I can see there being traffic gridlock. Only 2 roads in/out of estate. 1 exits onto a main road and the other past a secondary school. The increase in traffic plus the additional traffic from haughton green new homes will make existing roads chaos and gridlocked at peak times. As is this is not a good plan for growth. How can you grow if you can't get out of the estate

Q81

Do you wish to answer questions on each of the policy approach under the 'Travel' strategic objective?

No - if No, we'll move on to the next strategic objective - Places

Page 16

Respondent skipped this question

Q107

If you have any further comments on the Places chapter of the plan, please provide them below.

Respondent skipped this question

Page 19

Q108

If you have any comments on the Policies Map, please provide these below.

Yew tree estate denton is already crowded with problems of infrastructure support. Access to main roads poor, not enough doctors, not enough schools.
Crime and security. Why add to the problems with all these potential new homes? There must ge other land that is more suitable and will create less of an impact to denton centre area

Q109

Do you consider that the Integrated Assessment has adequately assessed the potential environmental, social, and economic impacts of the proposed policies and allocations within the Plan?

No

Q110

Please give a reason for your answer

No future statistics of the effects that this build on any bit of grass will cause to denton. The negative effects to existing residents, traffic flow and support infrastructure. I don't think building so near to denton centre will have a positive outcome and will only increase the existing issues. New building plots need to be found and not just crammed in anywhere to meet targets

Q111

Are there any sections of the Integrated Assessment that require further explanation or clarification?

Respondent skipped this question

Q112

The evidence supporting the plan has been published as part of this consultation. If you have any comments on the available evidence, please provide these below.

Respondent skipped this question

Q113

If you have any comments on the proposed monitoring framework, please provide these below.

Respondent skipped this question

Q114

If you have any other comments you wish to make on the plan not previously covered, please provide these below.

Assuming you will not listen to a resident as seems the position of this council, as a private homeowner who purchased my home primarily for the view, will you be compensating residents like myself when you remove my view and rights to my green areas?

Q29

Respondent skipped this question

What are your thoughts on Policy HSP S2K: Mossley?

Q30

What are your thoughts on the proposed development allocations in Policy HSP S2K: Mossley?

Reminds me of previous destruction of pockets of wildlife habitats , land that Tameside council sold for development. We kept Cosgrove Park, but I suspect this will go in time as well as Brookfields and the other sites on the plan. We don't have a voice, nature does not have a voice. You will do what you will do.

Q31

Respondent skipped this question

What are your thoughts on Policy HSP S2L: Stalybridge?

Q32

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2L: Stalybridge?

Q33

Q44

Respondent skipped this question

What are your thoughts on Policy HSP HSP C8: Food, Drink and Leisure Uses in Centres?

Q45

Respondent skipped this question

If you have any further comments on the Centres chapter of the plan, please provide them below.

Page 7

Q46

What are your thoughts on the strategic objective for Environment?

These objectives will be ignored. Habitats are being lost daily. Support for nature is ignored and dismissed.

Q47

Yes

Do you wish to answer questions on each of the policy approach under the 'Environment' strategic objective?

Page 8

Q48

Respondent skipped this question

What are your thoughts on Policy HSP E1: Renewable and Low Carbon Energy?

Q49

Respondent skipped this question

What are your thoughts on Policy HSP E2: Surface Water and Water Efficiency?

Q50

Respondent skipped this question

What are your thoughts on Policy HSP E3: Biodiversity and Geodiversity?

Q51

If you have any further comments on the Environment chapter of the plan, please provide them below.

Central government has declared that the environment is not to be considered in development. We are in one of the most nature depleted countries in the world - this is not being addressed.

Page 9

Q52

What are your thoughts on the strategic objective for Homes?

This is not happening locally or nationally. Brittania Mill or greenfield sites - the developers will go for green field. Lower costs ,greater profit. I have seen very little social housing built in Mossley in the past 40 years.

Q53

Do you wish to answer questions on each of the policy approach under the 'Homes' strategic objective?

Yes

Page 10

Q54

What are your thoughts on Policy HSP H1: Housing Size, Type, Mix and Tenure?

Respondent skipped this question

Q55

What are your thoughts on Policy HSP H2: Meeting Affordable Housing Needs?

In a country where a housing developer CEO can receive a £70,000000 bonus - I doubt affordable housing is in the investors and companies interest. Right to buy needs to end so that social housing can be provided.

Q56

What are your thoughts on Policy HSP H3: Meeting specific housing needs?

In reality housing isn't the issue - inequality is.

Q57

What are your thoughts on Policy HSP H4: Build to Rent?

Won't happen

Q58

What are your thoughts on Policy HSP H5: Houses in Multiple Occupation (HMO)?

Needed due to high rents. Shouldn't have to have them but again inequality reigns.

Q59

What are your thoughts on Policy HSP H6: Gypsy, Traveller and Travelling Showpeople?

Councils provide spaces by law. Managed sites.

Q60

If you have any further comments on the Homes chapter of the plan, please provide them below.

Over development of areas is a catalyst for losing communities. they become commuter towns, with poor infrastructure that does not improve with number of residents.

Page 11

Q61

What are your thoughts on the strategic objective for Jobs?

Address inequality, universal payments and tax the rich.

Q62

Do you wish to answer questions on each of the policy approach under the 'Jobs' strategic objective?

No - if No, we'll move on to the next strategic objective - People

Page 12

Q63

What are your thoughts on Policy HSP J1: Existing Employment Areas?

Respondent skipped this question

Q64

What are your thoughts on Policy HSP J2: New Employment Development?

Respondent skipped this question

Q65

What are your thoughts on Policy HSP J3: Assessing the Loss of Employment Land or Accommodation?

Respondent skipped this question

Q66

What are your thoughts on Policy HSP J4: The Visitor Economy?

Respondent skipped this question

Q67

If you have any further comments on the Jobs chapter of the plan, please provide them below.

Respondent skipped this question

Page 13

Q68

What are your thoughts on the strategic objective for People?

Tax the rich. They need poor people to maintain their wealth, status and power - we are still living in feudal times.

Q69

Do you wish to answer questions on each of the policy approach under the 'People' strategic objective?

No - if No, we'll move on to the next strategic objective - Travel

Page 14

Q70

What are your thoughts on Policy HSP PE1: Development and Healthier Environments?

Respondent skipped this question

Q71

What are your thoughts on Policy HSP PE2: Protection and Enhancement of Open Spaces?

Respondent skipped this question

Q72

What are your thoughts on Policy HSP PE3: Open Space Provision in New Developments?

Respondent skipped this question

Q73

What are your thoughts on Policy HSP PE4: Strategic Recreation and Countryside Access?

Respondent skipped this question

Respondent skipped this question

Q78

What are your thoughts on Policy HSP PE9: Tameside General Hospital?

Respondent skipped this question

Q79

If you have any further comments on the People chapter of the plan, please provide them below.

Respondent skipped this question

Page 15

Q80

What are your thoughts on the strategic objective for Travel?

Too little ,too late . Car is king, especially the ones built like tanks. Drivers just used to hate cyclists and horse riders , can now add pedestrians to this. Households now have 2 + cars and a van as the norm and demand parking spaces, on pavements, grass verges, wherever, however. Investment in trains, buses should have happened years ago. But as everything else it was sold off and the investors cheered.

Q81

Do you wish to answer questions on each of the policy approach under the 'Travel' strategic objective?

No - if No, we'll move on to the next strategic objective - Places

Page 16

Q82

What are your thoughts on Policy HSP T1: General Approach?

Respondent skipped this question

Q83

What are your thoughts on Policy HSP T2: Trunk Road Developments?

Q90

What are your thoughts on Policy HSP T9: EV Charging Infrastructure?

Respondent skipped this question

Q91

If you have any further comments on the Travel chapter of the plan, please provide them below.

Respondent skipped this question

Page 17

Q92

What are your thoughts on the strategic objective for Places?

But we know the greenbelt is not being protected. Developers don't care and are not held to account. They want profit.

Q93

Do you wish to answer questions on each of the policy approach under the 'Places' strategic objective?

Yes

Page 18

Q94

Respondent skipped this question

What are your thoughts on Policy HSP PL1: Archaeology and Scheduled Monuments?

Q95

Respondent skipped this question

What are your thoughts on Policy HSP PL2: Listed Buildings - Alternative Uses, Additions, Demolition and Development Within Their Setting?

What are your thoughts on Policy HSP PL11: Outdoor Advertisements and Signage?

Q105

Respondent skipped this question

What are your thoughts on Policy HSP PL12: Design and Enhancement of the Waterside?

Q106

Respondent skipped this question

What are your thoughts on Policy HSP PL13: Design of Public Realm and Urban Space?

Q107

If you have any further comments on the Places chapter of the plan, please provide them below.

Why do I perceive that as an area and community we are going to lose so much in terms of nature, environment and quality of life. Is it because of what I have witnessed happening to Mossley in the last twenty plus years?

Page 19

Q108

If you have any comments on the Policies Map, please provide these below.

Unable to access on my computer

Q109

No

Do you consider that the Integrated Assessment has adequately assessed the potential environmental, social, and economic impacts of the proposed policies and allocations within the Plan?

Q110

Please give a reason for your answer

Because central government is demanding the number of houses to be built so how does that take the impact into account.

Q111

Are there any sections of the Integrated Assessment that require further explanation or clarification?

It has 1400 pages!
How you factor in the greed of the developers and their investors

Q112

Respondent skipped this question

The evidence supporting the plan has been published as part of this consultation. If you have any comments on the available evidence, please provide these below.

Q113

Respondent skipped this question

If you have any comments on the proposed monitoring framework, please provide these below.

Q114

If you have any other comments you wish to make on the plan not previously covered, please provide these below.

RIP Mossley - wildlife, nature, community.

Q5 **Yes**

Do you want your email address to be added to our consultation mailing list to be kept informed of future planning policy and related consultations in Tameside, including on Homes, Spaces, Places? *

Q6 **Yes**

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

I don't believe the amount do new houses in plan for development, which will bring more people and cars on an already struggling infrastructure will hit any of the points defined in the vision. Nor will building a solar farm on community owned green belt land within a designated country park and green space for people to enjoy.

[redacted]

Q5

Yes

Do you want your email address to be added to our consultation mailing list to be kept informed of future planning policy and related consultations in Tameside, including on Homes, Spaces, Places? *

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

In an ideal world all the above are relevant

Page 4

Q8 **Respondent skipped this question**

What are your thoughts on Policy HSP S1: Overall Spatial Strategy?

Q9 **Respondent skipped this question**

What are your thoughts on Policy HSP S2A: Eastern Growth Cluster

Q10 **Respondent skipped this question**

What are your thoughts on Policy HSP S2B: Ashton Mayoral Development Zone?

Q11 **Respondent skipped this question**

What are your thoughts on Policy HSP S2C: Hyde Triangle?

Q12 **Respondent skipped this question**

What are your thoughts on Policy HSP S2D: Ashton-under-Lyne?

Q13 **Respondent skipped this question**

What are your thoughts on the proposed development allocations in Policy HSP S2D: Ashton-under-Lyne?

Q14 **Respondent skipped this question**

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2D: Ashton-under-Lyne?

Q15 **Respondent skipped this question**

What are your thoughts on Policy HSP S2E: Audenshaw?

Q16

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2E: Audenshaw?

Q17

Respondent skipped this question

What are your thoughts on Policy HSP S2F: Denton?

Q18

What are your thoughts on the proposed development allocations in Policy HSP S2F: Denton?

Development should be limited to the footprint of the former school building not the whole site. 300 homes is excessive and represents over development. Increase in traffic which is already an issue, strain on existing services and infrastructure. Not helping problem of lack of social housing. Resultant reduction in green and open space space very concerning.

Q19

Respondent skipped this question

What are your thoughts on Policy HSP S2G: Droylsden?

Q20

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2G: Droylsden?

9TH February 2026

Planning Department

Subject: Objection to the Proposed Development of 65 Homes in HSP S2E: Allocation 1: Ashton Canal

Dear Sir/Madam,

I'm writing in protest of the current planning proposal's proposed plan to build an additional 65 dwellings in the HSP S2E:Allocation1: Ashton Canal. I acknowledge the need for housing development, but considering the existing infrastructure and the potential broader effects on the environment and community, I don't think this specific project is suitable for the location.

There are several key concerns that I would like to address:

Inadequate Infrastructure

Roads, public transport, and utilities are all already operating at maximum capacity in the area. The construction of 65 additional residences would put an excessive amount of strain on the existing infrastructure, increasing traffic on the roads, possibly delaying public transportation, and possibly causing problems with basic utilities like power and water. The existing planning proposal does not adequately address these issues.

Traffic and Safety Issues

There is currently a lot of traffic and issues with parking on Slate Lane, Park Road, and Lumb Lane during rush hour, and the addition of more homes is probably going to make it worse. Longer commutes would result from increased traffic, but there may also be safety issues, particularly for local bikers and walkers. In order to prevent generating more dangerous conditions, the proposed development would need to carefully examine pedestrian safety, traffic flow, and perhaps the need for road repairs.

Environmental Impact

In what is today a comparatively peaceful and green location, the construction of 65 dwellings would lead to the disruption of green spaces, the destruction of local wildlife habitats, and increased pollution. The local biodiversity may suffer long-term consequences as a result of this development, which goes against the ideas of sustainable development.

Lack of Local Amenities

Schools, hospitals, and recreational facilities are already overburdened by the current infrastructure. It would be more difficult for present and future residents to access necessary services if a significant number of new residences were built without matching upgrades to neighbourhood amenities.

Community Concerns

The community's character may also change as a result of the 65 new residences added to the neighbourhood. The balance between residential and green areas is valued by many current inhabitants, and this development would probably change the local environment in a way that could lower the standard of living for both new and current residents.

I humbly ask that you hold off on approving this development until the aforementioned issues have been sufficiently resolved. Given the long-term effects on the environment and the neighbourhood, I think a more responsible and sustainable strategy is necessary.
I appreciate you giving my objection some thought. I hope that this idea will be properly re-examined in light of these concerns, and I look forward to hearing from you.

Yours faithfully
[redacted]

Q17

What are your thoughts on Policy HSP S2F: Denton?

As long as the building developers stick to the orginal footprint of the school . also provide new green space recreational activity play ground for existing children in the area.

Q18

What are your thoughts on the proposed development allocations in Policy HSP S2F: Denton?

I am concerned about the proposed extra homes planned for the Haughton green and Denton area. how this will add extra volume to existing local traffic increasing local pollution, noise, and traffic. Extra pressure on infrastructure such as schools, gps health care centres, recreational spaces, refuse collection , water distribution, power supply of pipes for gas and electric , digital telecommunication services. not to mention the chaos this would cause whist they are constructing the homes .

Page 5

Q35

What are your thoughts on the strategic objective for Centres?

it would be useful if we could see more local groups for elderley and disabled residents to interact and enjoy community activities together at an afforable price . spaces for children and young people to gather in a safe space.

Q36

Do you wish to answer questions on each of the policy under the 'Centres' strategic objective?

Yes

Page 6

Q37

What are your thoughts on Policy HSP C1: Network, Hierarchy and Designation of Centres?

Respondent skipped this question

Q38

What are your thoughts on Policy HSP C2: Primary Shopping Areas?

I am personally happy with the shopping area in Denton i think it has a good mix of small local businesses and larger retailers . I think smaller towns such as Droylsden and mossley hyde business rates should be dropped so that small local business owners can afford the rents and be able to occupy the empty shops. bring more money into the area creating local jobs for local people.

Q39

What are your thoughts on Policy HSP C3: Development and Change of Use in Designated Centres?

Respondent skipped this question

Q40

What are your thoughts on Policy HSP C4: Local Shopping Areas and Parades?

A varierty of types of shops should be considered and encouraged

Q41

What are your thoughts on Policy HSP C5: Development Involving Main Town Centre Uses?

Respondent skipped this question

Q42

What are your thoughts on Policy HSP C6: Markets?

This use should be continue to be encouraged and promoted by the council as for some people this may be there first experience of trying to manage there first business.

Q43

What are your thoughts on Policy HSP C7: Healthier Food Environment?

Tameisde was once a rich Argicultural area over the years this has been erroded by over development of the land . consderation should be considered how we encourage preserve and old practices whilst keeping farming present. There are very few local farms left in the Tameside area to produce local produce to local people giving people more choice . not everyone want to eat commerical mass produced products.

Q44

What are your thoughts on Policy HSP HSP C8: Food, Drink and Leisure Uses in Centres?

Respondent skipped this question

Page 9

Q52

What are your thoughts on the strategic objective for Homes?

I think more afforable homes for eldery residents should be considered along with adding to social housing stock. as long as the plans do not exceed the foot print of the previous school site . However i feel the yew tree site should be used to build a new special school for primary and secondary school age pupils who struggle to fit into mainstream but do not meet crietria for specialist provision .

[redacted]

Q4 **Respondent skipped this question**

Postal Address

Q5 **No**

Do you want your email address to be added to our consultation mailing list to be kept informed of future planning policy and related consultations in Tameside, including on Homes, Spaces, Places? *

Q6 **Yes**

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

Its not just 300 homes. Average family is two parents 3 children. That accounts to an extra 1500 people in the village. How do you expect a small village to cope with this

Page 4

Respondent skipped this question

[redacted]

- We wish to object to the above Proposed Development. Please find as follows our objections:
- Currently the existing junction at the traffic lights out of Park Road to Manchester Road is very busy and gets blocked frequently by large lorries and buses and cars across the exit after the traffic lights (where there is no box junction) the development would make this worse and the area will become congested at an already very busy junction. This would also lead to more cars using both this and the next junction on Limb lane to get to Audenshaw and the snipe way and Slate lane development.
- It would cause a further problem with parking on Park Road we constantly get blocked in our drive with inconsiderate drivers parking opposite us and in front of the drive making turning in and out of our drive extremely difficult.
- The housing development is on a small plot of land behind the Tram Station and it is for 36 new homes and is on an island surrounded by a busy 3 roads gyratory system and tram route (its also too close to the existing access and exit road from the warehouses and Food Stores on the Snipe Retail Park)
- Infrastructure:
  The planned building of 36 new homes would need more access roads built to get in and out and would cause a further strain on the existing Roads, Schools, Doctors, Dentists in the area which are already oversubscribed.
- This development would need more access/exit roads and traffic lights to control it and will make this more congested and harder to get out of our road from Park Road and Lumb Lane exits
- The noise and pollution caused by the building work and development in what is a residential area would affect the existing housing in this proximity and would make it more dangerous to cross for pedestrians and would not be welcomed within the Existing area.
- There has already been the housing developments recently on the old robertson jam factory where over 300+ houses were built and the 5 houses which were built on Slate Lane so this plan for extra housing is in a already congested area and would cause problems.
- This area at times is one big continuous traffic jam making travel difficult and causing more pollution and makes pedestrians crossing difficult and dangerous especially at peak times of day.
- Would you take our points into consideration as we are against these plans?

Respondent skipped this question

[redacted]

- HSP S2E Allocation 1&2
- I don’t think any thought has been given regarding the infrastructure of these potential housing developments. The area requires good roads for the existing traffic we have, more houses will create chaos on our already busy roads.
- The actual building of these homes will impact the tram system and also add to polluting the air we breathe.
- Before spending money on new homes that are not required, please think about local residents and how it will affect them.

Q17

Respondent skipped this question

What are your thoughts on Policy HSP S2F: Denton?

Q18

What are your thoughts on the proposed development allocations in Policy HSP S2F: Denton?

With regard to Two Trees site:
The traffic situation is already far from ideal. Any houses development here would increase the problem significantly, making local residency extremely uncomfortable, in contradiction to the aims of the proposal.
Also local infrastructure would not meet the needs of additional residencies / people.
There would be an increased risk of local flooding, as the below ground water table is already high.
If houses MUST be built on this site, it must be restricted to the original footprint of the school buildings.
There is much wildlife on this site, which would be displaced, and the only direction these creatures / rodents could go is into local properties.

Respondent skipped this question

[redacted]

From: [redacted]
Sent: 18 February 2026 16:53
To: Planning Mail; [redacted]
Subject: Formal objection site HSP S2J allocation 1 Kerry Way

You don't often get email from [redacted]. Learn why this is important

Caution: This email originated from outside of the Council. Do not click links or open attachments unless you recognise the sender ([redacted] or know the content is safe. If in doubt, click 'Report Message' at the top of your inbox and select 'Phishing'

To the Planning Policy Team,

I have family members living at [redacted] and I am writing to formally object to the Kerry Way (HSP S2J:1) industrial allocation. This proposal is legally unsound and non-compliant with the NPPF.

1. Procedural Unfairness: A site notice was only displayed on Feb 13th, just 7 days before the deadline. This is a breach of the Gunning Principles and the Council's own Statement of Community Involvement. We have been denied a fair chance to consult.

2. Impact on Children & Health: Building a 24/7 heavy industrial site next to the Discovery Academy is a breach of the Public Sector Equality Duty. The noise and air pollution from constant HGV traffic will directly harm the health of local children and elderly residents.As my daughter and grandson live locally and my grandson attends Discovery Academy and is also an asthma sufferer, I am gravely concerned about the impact of 24/7 HGV fumes and noise on my family's health."

3. Traffic Danger: Hattersley Road West cannot handle the volume of HGVs proposed. Under NPPF Paragraph 115, this will create a "severe" impact on road safety and local congestion.

4. Residential Amenity: The plan fails to provide adequate, enforceable noise and landscape buffers to protect the homes at Kerry Way and the proposed Manley Grove housing.

I urge the Council to remove this site from the plan immediately. I reserve the right to seek a Judicial Review based on these procedural and substantive flaws.

Regards,

#605

No

Do you want your email address to be added to our consultation mailing list to be kept informed of future planning policy and related consultations in Tameside, including on Homes, Spaces, Places? *

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

We am not sure how the greener place section and additional housing can both be possible and I would prioritise green space

Page 4

Q8

What are your thoughts on Policy HSP S1: Overall Spatial Strategy?

Too much housing

Q9

What are your thoughts on Policy HSP S2A: Eastern Growth Cluster

No comments

Q10

What are your thoughts on Policy HSP S2B: Ashton Mayoral Development Zone?

The development zone has ignored the need for a swimming pool

Q11

What are your thoughts on Policy HSP S2C: Hyde Triangle?

No comments

Q12

What are your thoughts on Policy HSP S2D: Ashton-under-Lyne?

There is too little infrastructure for the level of housing and not enough green space

Q13

What are your thoughts on the proposed development allocations in Policy HSP S2D: Ashton-under-Lyne?

Too much land for housing very disappointing

Q14

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2D: Ashton-under-Lyne?

Fine

Q15

What are your thoughts on Policy HSP S2E: Audenshaw?

No comment

What are your thoughts on Policy HSP E1: Renewable and Low Carbon Energy?

Respondent skipped this question

Q49

What are your thoughts on Policy HSP E2: Surface Water and Water Efficiency?

Respondent skipped this question

Q50

What are your thoughts on Policy HSP E3: Biodiversity and Geodiversity?

Respondent skipped this question

Q51

If you have any further comments on the Environment chapter of the plan, please provide them below.

Respondent skipped this question

Page 9

Q52

What are your thoughts on the strategic objective for Homes?

I disagree and feel there is too much building of homes without no infrastructure

Q53

Do you wish to answer questions on each of the policy approach under the 'Homes' strategic objective?

No - if No, we'll move on to the next strategic objective - Jobs

Page 10

Q54

What are your thoughts on Policy HSP H1: Housing Size, Type, Mix and Tenure?

Respondent skipped this question

Q55

What are your thoughts on Policy HSP H2: Meeting Affordable Housing Needs?

Respondent skipped this question

Q56

What are your thoughts on Policy HSP H3: Meeting specific housing needs?

Respondent skipped this question

Q57

What are your thoughts on Policy HSP H4: Build to Rent?

Respondent skipped this question

Q5

Yes

Do you want your email address to be added to our consultation mailing list to be kept informed of future planning policy and related consultations in Tameside, including on Homes, Spaces, Places? *

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

I agree with all the values stated above which is exactly why the proposed planning on the small plot of land at the end of [redacted] in Mossley simply cannot go ahead. Speaking as a resident of [redacted] with three young children, first and foremost that small plot of land is where the children play and have always played. On top of that the road itself, [redacted] is ridiculously narrow. Parking is a nightmare on that street. Bin waggons, delivery trucks etc struggle to get down our road without driving on the pavement. Parking is also extremely limited and difficult for residents and most of us park on the piece of land at the end Infront of the garages. If that is taken away the residents of the street will have nowhere to park, there will be nowhere for any vehicles to turn around at the bottom, everything coming onto the road would have to reverse off while driving partially on the pavement which is a huge safety hazard particularly to young children playing on the street. Access for any kind of major construction would be impossible. Please ensure this planning application never happens

Q28

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2J: Longdendale?

Q29

What are your thoughts on Policy HSP S2K: Mossley?

I am a resident of [redacted] [redacted] one of the proposed sites for development. The proposed development simply cannot go ahead on [redacted]. Firstly the small plot of land at the end of the road adjoining to the garages is where most of the residents park their cars due to the unusually narrow road that [redacted] [redacted] is. Take that away and the residents of the street will have nowhere to park causing huge problems for almost all of the residents. Secondly almost all the residents on the street are families with children. The young children cannot play on the road as it is too narrow and all the children play on the small plot of land at the end of the road. Taking that away would be detrimental to the children having a safe space to play and finally with the road being unusually narrow any kind of major construction on the bottom of the road would be almost impossible and non accessible for any large vehicles. Bin waggons and large delivery vehicles already struggle to access the road and have to drive onto the pavement to access the road. The small plot of land at the end of the road is the only place any vehicles entering the road can turn around and exit the street safely. Building on that piece of land will mean any vehicles entering [redacted] will have to reverse off the road while partially driving on the pavement due to how narrow the road is which is extremely dangerous considering the amount of children that live and play on the street and putting them in danger of an inevitable serious accident is wholly unacceptable. Please see sense. That plot of land is too small, too inaccessible and too essential to all the families living on [redacted] and needs to be left as it is.

Q30

What are your thoughts on the proposed development allocations in Policy HSP S2K: Mossley?

You don't often get email from [redacted]. Learn why this is important

Caution: This email originated from outside of the Council. Do not click links or open attachments unless you recognise the sender ([redacted]) or know the content is safe. If in doubt, click 'Report Message' at the top of your inbox and select 'Phishing'

Good morning,

After learning of your plans to develop many new homes in and around Tameside, I have to strongly reject your plans for development on one site in particular. **HSP S2F Allocation 5: Exeter Avenue.**

As a homeowner on this street, I have had no direct communication or consultation on this. I find it extremely frustrating that you didn't have the smallest bit of courtesy to reach out to the properties & residents on this street.

I purchased my property on this street because I like the fact that I am not overlooked and that there is a greenspace for my kids to play and to walk my dogs. Your plans will not only ruin this but it will also affect my properties value.

After speaking to many residents in the area we urge you to revisit these plans and scrap them completely.

I cannot express how disappointed we are as residents that these plans are even being considered, and even more so that we were not directly informed.

On top of this development, can I ask what your plans are for local infrastructure given the extra 350+ dwellings in Haughton Green?

The local schools are already full - What do you plan to do about bringing an extra c700 children in the area?

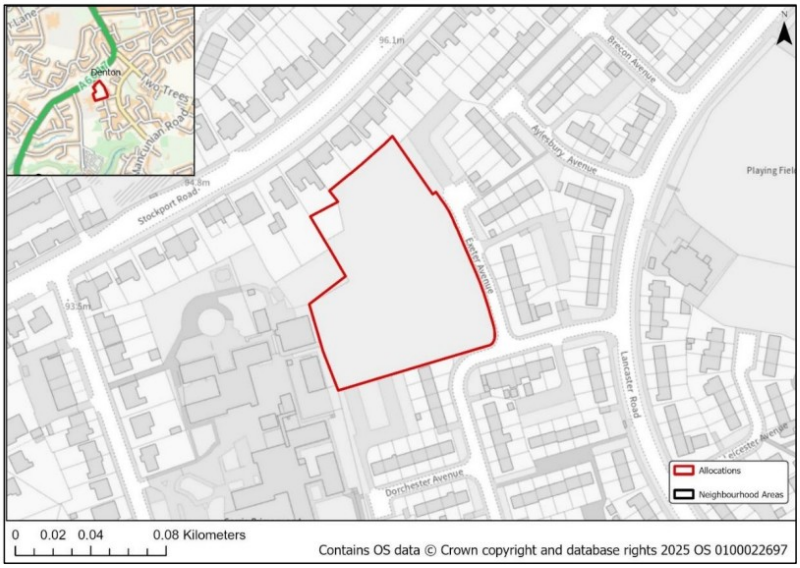

It's difficult to get a doctors appointment at the best of times, how will the local surgery cope with an extra 1000-1500 people?

Traffic is a nightmare now getting in/out of Haughton Green at rush hour, how do you plan to improve this with an extra 500-1000 vehicles passing through?

Please take this email as a formal rejection of your plans (Specifically for **HSP S2F Allocation 5: Exeter Avenue**) and ask you add my email address to ANY future communications on this matter.

I look forward to hearing your response.

Thanks

HSP S2F: Allocation 5: Exeter Avenue (0.82 hectares): for around 29 new homes

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

Any future development within Tameside should prioritise the regeneration of brownfield sites and previously developed land. Green Belt land must be protected and not released for housing, as it plays a vital role in preserving local character, biodiversity, and community wellbeing.

Development should only proceed where essential infrastructure is already in place or guaranteed in advance. This includes transport links, schools, healthcare services, drainage, utilities, and green spaces. Housing must not be built first with promises of infrastructure later, as this places unacceptable pressure on existing communities and services.

New housing should focus on meeting local needs, with a strong emphasis on genuinely affordable homes, including social rent and affordable rent properties. Developments dominated by high-cost or executive housing do not address the housing crisis faced by many residents and should not be prioritised.

Overall, Tameside's vision should support sustainable, community-led development that reuses land responsibly, delivers infrastructure first, and ensures housing is affordable, accessible, and appropriate for the people who live and work in the borough.

Here is a clear, policy-style response you can use or adapt for Tameside's Homes, Spaces and Places Vision:

Response to Tameside Homes, Spaces and Places Vision

Any future development within Tameside should prioritise the regeneration of brownfield sites and previously developed land. Green Belt land must be protected and not released for housing, as it plays a vital role in preserving local character, biodiversity, and community wellbeing.

Development should only proceed where essential infrastructure is already in place or guaranteed in advance. This includes transport links, schools, healthcare services, drainage, utilities, and green spaces. Housing must not be built first with promises of infrastructure later, as this places unacceptable pressure on existing communities and services.

New housing should focus on meeting local needs, with a strong emphasis on genuinely affordable homes, including social rent and affordable rent properties. Developments dominated by high-cost or executive housing do not address the housing crisis faced by many residents and should not be prioritised.

Overall, Tameside's vision should support sustainable, community-led development that reuses land responsibly, delivers infrastructure first, and ensures housing is affordable, accessible, and appropriate for the people who live and work in the borough.

If you want this rewritten to sound more formal, shorter, or more community-focused, I can adjust it.

You said:
Ensuring that green belt land isn't built on. Wildlife are protected and habitats not destroyed. The land is a flood plain and if turned to housing would see a greater risk to flooding. The field is being used for horse riding and have around 10 horses that will need to be relocated.
ChatGPT said:
Here is a clear, well-structured response that incorporates those additional points and is suitable for a planning or consultation submission:

Response to Tameside Homes, Spaces and Places Vision

Any future development within Tameside must prioritise the use of brownfield sites only and firmly protect Green Belt land from development. Green Belt areas are essential for maintaining open space, supporting wildlife, and protecting communities from environmental harm.

The proposed land is home to established wildlife and natural habitats which must not be destroyed. Development would lead to habitat loss, disruption to local biodiversity, and long-term environmental damage that cannot be adequately mitigated.

Additionally, this land lies within a flood plain. Building housing on flood-risk land would significantly increase the risk of flooding, not only to new homes but also to surrounding areas. This contradicts sustainable planning principles and could place residents and neighbouring communities at serious risk.

The field is also currently used for horse riding and grazing, with approximately 10 horses relying on this land. Development would

require these horses to be relocated, impacting animal welfare and removing an important local recreational and rural facility.

Development in this location would be inappropriate and unsustainable. Tameside's vision should instead focus on regenerating brownfield land, protecting Green Belt spaces, safeguarding wildlife, respecting flood risk constraints, and ensuring that any new housing meets genuine local need without harming existing communities or the environment.

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

I agree and a number of the highlighted examples as I've we already have in Haughton Green but you just cannot throw houses up on every piece of land that only has one way and out as the traffic is really bad now plus there's no mention of schools, doctors. Dentists, most people I speak to have no objection to the building of a new school on the footprint of the old school building.

If you are responding on behalf of a business, charity or other organisation, please state who you are responding on behalf of.

Q3

Email address*

[redacted]

Q4

Postal Address

[redacted]

Q5

Yes

Do you want your email address to be added to our consultation mailing list to be kept informed of future planning policy and related consultations in Tameside, including on Homes, Spaces, Places? *

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

It'll go wrong and I have no confidence.

Page 4

Q8

What are your thoughts on Policy HSP S1: Overall Spatial Strategy?

In point 3. Protection & Alignment, you say:
Green Belt: Maintains the Green Belt boundaries as defined in the Places for Everyone plan, protecting it from inappropriate development.

Then contrdict yourself with HSP E1 - Solar PV Opportunity Areas going straight into greenbelt.

You can't be trusted.

Q9

What are your thoughts on Policy HSP S2A: Eastern Growth Cluster

You mention "Active Travel: Improve walking and cycling routes to ensure local residents can easily access the new employment sites." Yet when I've questioned yourselves such as [redacted] – Balfour Beatty A57 Link Roads project team National Highways | Major Projects and [redacted] et al, I see no plans for simple cycle routes from Hyde to Stalybridge, so the bigger picture is a cheeky little money spinner. We have a new link road being built with a road to no where. Not a single person can answer why we can't have a cycle lane via the new link road before it's built. I guess no one can be bothered to think of it. Make sure you cycle to work though and thanks for spending our money wisely though....

Q10

Respondent skipped this question

What are your thoughts on Policy HSP S2B: Ashton Mayoral Development Zone?

Q11

What are your thoughts on Policy HSP S2C: Hyde Triangle?

Active Travel: Creation of "Green Loops" and walking/cycling corridors to ensure residents in the new Garden Village can easily access Hyde Town Centre and Hattersley without relying solely on cars.

"Active Travel" lol....

Q12

Respondent skipped this question

What are your thoughts on Policy HSP S2D: Ashton-under-Lyne?

Q13

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2D: Ashton-under-Lyne?

Q14

Respondent skipped this question

What are your thoughts on the proposed Strategic Regeneration Areas in Policy HSP S2D: Ashton-under-Lyne?

Q15

Q21

Respondent skipped this question

What are your thoughts on the proposed Strategic Regeneration Area in Policy HSP S2G: Droylsden?

Q22

What are your thoughts on Policy HSP S2H: Dukinfield?

The New Railway Station would be welcomed, but there's that buzzword again "Active Travel"…. Someone needs to get a grip and work together in Tameside, speak to actual people who travel by cycling and see what they want. What are your proposals? Share the space with cars? Dedicated cycle lanes? Tick a few boxes?

Q23

Respondent skipped this question

What are your thoughts on the proposed development allocations in Policy HSP S2H: Dukinfield?

Q24

What are your thoughts on Policy HSP S2I: Hyde?

As above, you mention "Active Travel" again i.e. "Improve walking and cycling routes to ensure local residents can easily access the new employment sites."
Yet when I've questioned yourselves such as [redacted] – Balfour Beatty A57 Link Roads project team National Highways | Major Projects and [redacted] et al, I see no plans for simple cycle routes from Hyde to Stalybridge, so the bigger picture is a cheeky little money spinner. We have a new link road being built with a road to no where. Not a single person can answer why we can't have a cycle lane via the new link road before it's built. What are your thoughts on Policy HSP T1: General Approach?

Q83

What are your thoughts on Policy HSP T2: Trunk Road Developments?

Speak and work with people who don't drive cars to the Tameside offices and who actually travel by bike,walk, public transport etc. Work together and use the money towards their plans. Speaking of which, £108,000,000.00 and you can't cycle from Hyde/Hattersley to Mottram/Stalybridge via the new road. The cycle lane goes to no where. When questioning this at the invitational talk I got shrugs and laughs. Money well spent. [Link Removed]Also on 01/08/2024 £810,000 was secured from Transport for Greater Manchester (TfGM) for Tameside Council to improve travel safety along the A560 in Hattersley. I've not even seen a lick of paint, let along a cycle/walk infrastructure drawn up. It's in the second year now and no one has any answers. If someone can be so kind to explain where this money went? Champagne for the shareholders bubbly maybe?
and Tameside can't answer me, so I'm wasting my time, but thought i'd ask..... [Link Removed]

Respondent skipped this question

[redacted]

- I live at [redacted] – this is a very narrow street. It is important to have room for the emergency services at all times. The impact of other new houses would have a big impact on traffic that will take a short cut down [redacted]. The volume of traffic would impact on the children I look after as the [redacted](foster carer). Concerns over who the housing would be offered to is very worrying. This area is heavily populated with young families. Concerns also regarding the park when Andy Burnam did house some homeless people there. This also brought it's own problems with needles left in the park area where young children play. The council had to clean the park area every day.
- Watergate is far too small to have traffic being parked. As we residents have a problem with this on a daily basis.

Q29

Respondent skipped this question

What are your thoughts on Policy HSP S2K: Mossley?

Q30

What are your thoughts on the proposed development allocations in Policy HSP S2K: Mossley?

I am absolutely against all the development in Mossley.
Particularly on Huddersfield Road for the following reasons.

1. The infrastructure is not there.
There are only 2 GP surgeries which are already full.
There is only 1 High School which is on Huddersfield Rd and the added traffic from the proposed estate of 175 houses will make an already dangerous road even more hazardous.

2. The pot holes on Huddersfield Rd are a huge problem particulary after bad weather despite the council occasionally repairing them. The proposal is for 175 houses thats at least 350 more cars using Huddersfield Rd an absolute recipe for disaster for the road surface.

3. The wildlife.
Surely if we are serious about our green spaces and the environment we should doing all we can to protect the space for the deers, hares, birds and small mammals that have their on home on the fields between Hey Farm Estate and Mossley Hollins School.

Page 17

Q92

What are your thoughts on the strategic objective for Places?

We are not protecting green space if we allow the building of 400 houses the in the Mossley area..
That equates to over 800 more vehicles in the Mossley area how can that protect our green space.

Q93

Do you wish to answer questions on each of the policy approach under the 'Places' strategic objective?

Yes

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

The vision itself sounds ideal " Utopia" but in reality the majority of residents of Haughton Green and Denton know that parts of this vision are just not practical and would have a negative impact greatly on the area and people e.g if these plans were to go ahead "People"vision would in fact mean: chidren will suffer as lack of schools in the area would impact on their education: Services for the community would be put under pressure and the community would not be living within this publicity generated vision.

Q17

Respondent skipped this question

What are your thoughts on Policy HSP S2F: Denton?

Q18

What are your thoughts on the proposed development allocations in Policy HSP S2F: Denton?

The existing infrastructure in Haughton Green and Denton is already under strain. The Vision Tameside has generated (publicity wise) for the area is that of a Utopia but in fact would have the opposite effect on the area and community.
There needs to be transparency on how these plans would affect:
School capacity
GP and dental provision
Drainage and flood prevention
Traffic flow
House prices in the area
Children`s facilities
Business
The loss of Green space in the Haughton Green and Denton areas

Regarding the Two Trees old school site this should be retained and a new school considered giving the families of Haughton Green a better choice for the Children`s education. The safety aspect would also be beneficial and Children not having to travel out of the area. The elderly and young need an area where there is open land and the freedom to get out and about for their mental and health well being
The proposed figure of over 300 homes is excessive for this site and would represent over-development. It is not what the majority of residents want and would lead to a loss of identity for the area.

New homes are needed but in the right area and not to the capacity that has been mentioned above. Haughton Green would become a cramped area and its beauty lost.

The scale of development would place unacceptable pressure on:
Local roads and junctions
Parking
School places
GP and health services
The Police and their ability to deal with more incidents and crime.

The number of houses proposed is despite its nice " rose tinted" vision is lead by housing targets and the impact of local residents needs to be of paramount concern.

Residents feel sites have been identified before meaningful community engagement.

Homes are needed but preference for smaller-scale, better-distributed development rather than large concentrations.

Q113

Respondent skipped this question

If you have any comments on the proposed monitoring framework, please provide these below.

Q114

If you have any other comments you wish to make on the plan not previously covered, please provide these below.

I have concerns about the cumulative impact of multiple housing sites proposed across Haughton Green and south Denton. The scale and density of development does not reflect the character of the area, and there is insufficient clarity on infrastructure, traffic and services.
The loss of the former school playing field and local green space would be unacceptable, and the scale of development would place undue pressure on roads, schools and health services. The Council should reconsider both the scale and location of these proposals.

Q53

Do you wish to answer questions on each of the policy approach under the 'Homes' strategic objective?

Yes

Page 10

Q54

What are your thoughts on Policy HSP H1: Housing Size, Type, Mix and Tenure?

We need more bungalows than

proposed to move people onto smaller accessible homes

A shortage again of social housing

Q55

What are your thoughts on Policy HSP H2: Meeting Affordable Housing Needs?

Interesting figures on Onward Houses demolished and rebuilt such disparity no wonder so many are housed in hotels awaiting Jo.es

Q56

What are your thoughts on Policy HSP H3: Meeting specific housing needs?

Respondent skipped this question

Q57

What are your thoughts on Policy HSP H4: Build to Rent?

This is interesting as it would address housing needs but who would build/own the properties as no financial gain

Q58

What are your thoughts on Policy HSP H5: Houses in Multiple Occupation (HMO)?

I don't believe these aid people's wellbeing

Q59

What are your thoughts on Policy HSP H6: Gypsy, Traveller and Travelling Showpeople?

These are needed to protect landowners

Q60

If you have any further comments on the Homes chapter of the plan, please provide them below.

Respondent skipped this question

Respondent skipped this question

<u>This response is primarily in respect of the Proposed Solar PV Opportunity Areas in Section 7 "Environment" of the Homes, Spaces, Places Plan ("HSP") and the Draft Policies Map.</u>

I disagree with the currently proposed "Solar PV Opportunity Areas".

Also, I do not think any should be shown in the Draft Policies Map or referred to in the HSP at Paragraph 7.16 (by reference to the Local Area Energy Plan "LAEP" which details these Areas) until further research and analysis has been undertaken for each Proposed Area, and possible other Areas, and has been published for consultation.

This is because:

1) The Solar PV Opportunity Areas are based purely on the work done in 2021 by Energy Systems Catapult Ltd in preparing the Local Area Energy Plan. I consider this is an inadequate basis on which to form policy for specific Solar PV Opportunity Areas in 2026 and beyond
2) As a point of principle, I consider that detailed analysis of <u>each</u> Solar PV Opportunity Area should be undertaken before any is proposed in the HSP or Policy Map.
3) I also consider that some of the proposed Areas clearly conflict with other policies in the HSP, or are particularly important areas of Green Belt, and so should be removed as Proposed Areas from the HSP and Policy Map
4) The Council's Planning Department themselves do not consider that the currently proposed Solar PV Opportunity Areas are "specifically earmarked for solar PV schemes"
5) I consider there has been insufficient communication and publicity of the proposed Solar PV Opportunity Areas to the public.

I set out my reasoning and comments below.

1. <u>Local Area Energy Plan "LAEP"</u>

My concerns regarding the LAEP are that:

1A. The work in producing the LAEP was undertaken some 5 years ago (in 2021)

- Since then, there have been subsequent changes to Government Policy regarding the extent, mixture and need for renewable energy sources, that will not be reflected in the LAEP
- The LAEP itself states that with the passage of time the need for Solar PV becomes less critical. For example (my underlining).:
  - On Page 59 the LAEP states "*If the full extent of solar capacity in this plan could not be deployed in practice, the largest impact would be on near-term carbon budget, whereas beyond 2035, the National Grid emissions are expected to be very low, <u>so local generation becomes less critical to reaching low emissions</u>*"
  - On Page 61 the LAEP states *"<u>If some of the capacity can't be deployed until later years,</u> the carbon benefit will be diminished as the generation displaces cleaner grid electricity. <u>Reassessment of the cost-benefit of such deployment would then be advisable</u>*"
- The LAEP pre-dates the latest policies as set out in the Places For Everyone Joint Development Plam ("PfE"), that was adopted in March 2024, the latest draft of the HSP and various other policy documents. Since 2021, these policies have been revised in various aspects. As an example, there is now reference to Sites of Biological Importance in the HSP and specific identification of those locations on the latest Draft Policies Map

1B. No further work has been undertaken by or for the Council regarding consideration of Solar PV Opportunity Areas since Energy Systems Catapult Ltd produced the LAEP

This is despite the LAEP stating:

- On page 24: "*The large quantity of ground-mounted PV suggested in this plan will require assessment around feasibility and public acceptability"*
- On page 59: "*This would require significant investment and transformation of land which may have other beneficial uses"*
- On page 61: "*Such large-scale deployment of solar on the land would clearly require careful consideration around feasibility and public acceptability*."

And despite the PfE, adopted 2 years after the LAEP, stating:

- At Paragraph 5.11: "*It is anticipated that Local Plans will further identify geographical locations for such energy assets, as considered necessary/appropriate within individual local planning authority areas".*

1C. The LAEP contains insufficient information to be critically examined and thus be properly considered

For example:

- It does not give any details of which other possible Areas for Solar PV were considered and the reasons they were not proposed
- It does not give any details as to why each of the specific Areas proposed was considered preferable to any other locations
- On Page 61 the LAEP states that the study accounted for "*factors such as flood zones, protected natural spaces and habitats, infrastructure, agricultural quality of land and future developments*" but does not provide full details, nor what the findings were for each proposed Area. (But in event, as mentioned above, the Council's policies have since been revised and re-prioritised)
- Whilst the methodology design note for the LAEP, dated 16 July 2021, provides a breakdown of the key factors and processes in the analysis of sites, and at paragraph 2.3 lists the scoring process, the LAEP does not contain any of that data for any of the Areas proposed, nor for Areas considered and not proposed
- Even Tameside Council do not hold/know any of the above details or data. A Planning Officer at Tameside MBC has confirmed to me in writing that "*the Council does not hold copies of the detailed scores or calculations for individual solar PV sites—either those shown on the draft policies map or those that were considered but not taken forward"*
- Whilst described as Opportunity "Areas", on looking at some of those proposed, for example, north and east of Mottram Road and Roe Cross Road, east of Stalybridge, it seems that some "Areas" could better be described as specific parcels of land owned by a particular land owner. Yet the LAEP gives no details as to how each privately owned parcel of land was identified, nor to what extent there were any discussion or involvement with other persons, perhaps with a vested interest, for example landowners, prior to making their proposals. Full transparency is required.

2. <u>As a point of principle, there should be a detailed analysis of each Solar PV Opportunity Area prior to their proposal for inclusion in the HSP and Policy Map</u>

2.1 The proposed Solar PV Opportunity Areas cover large areas of Green Belt, some of which is very attractive countryside and some of which even adjoins designated "Sites of Biological Importance".

2.2 These Green Belt Areas were established through adoption of the PfE in March 2024. That was some 2 years after the LAEP had been produced, yet the proposed Solar PV Opportunity Areas were not shown on any map therein. They were only added to the HSP Policy Map in late 2025, over 3 years after the LAEP was published. And they are still not listed in the HSP.

2.3 It seems that the Council have decided to now just "cut and paste" the Solar PV opportunity Areas from the LAEP into the HSP Policy Map, without any further work or due and proper consideration over the intervening 3 or 4 years.

2.4 No detailed evidence has been produced to date by the Council as to how each proposed Solar PV Opportunity Area in the LAEP meets, and does not conflict with, all other policies regarding the use of land (for example, but not confined to; the PfE, HSP, National Planning Policy Framework, Greater Manchester Local Nature Recovery Strategy, Tameside Borough Open Space Assessment etc).

2.5 The approach taken by the Council in regard to the proposed Solar PV Opportunity Areas in the HSP is in stark contrast to the approach taken in relation to the Spatial Strategy where great detail has been provided by the Council about each site. I consider that the same detailed analysis and approach applied to the Spatial Strategy sites should be applied to each of the proposed Solar PV Opportunity Areas.

2.6 I consider that as a point of principle, before any individual Solar PV Opportunity Area is shown in the HSP or on the Policy Map, it should be a requirement for a detailed analysis of the merits for and against each proposed Area to be undertaken, to include consideration of all relevant policies, and requirements, and for that review to be published. Only if then the Council consider it should be put forward as a proposed Solar PV Opportunity Area should it be shown in the HSP and Policy Map.

2.7 Whilst it may be that the LAEP can be used as a source of information for further study and consideration of possible Solar PV areas, I consider that until the Council has undertaken and published full analysis and consideration of each of the proposed Solar PV Opportunity Areas, all currently proposed Solar PV Opportunity Area should be removed from the HSP and Policy Map (and in the HSP it should be made clear that any such Areas contained within the LAEP are not currently being put forward as proposed Areas for the HSP and Policy Map).

2.8 This is also important because presumably the inclusion of Solar PV Opportunity Areas in the HSP and Policy Map is to indicate where planning applications for specific/individual Solar PV sites will be more favourably viewed. I consider it is therefore very important to thus exclude any proposed Areas until the appropriate work has been done for each Area by the Council.

2.9 Suggested examples (but not a definitive list) of what I consider the research and analysis work should include are:

- Consideration of the latest policy regarding Solar PV Areas and sites in Tameside, having regard to matters such as other priorities, the latest National and Local policies, costs and affordability, timeframe in which it can now deliver etc
- The type of land proposed, its category and reasons for it being proposed

- Whether any other land, particularly that on non-Green Belt land, or not as attractive countryside, would better fit with the various policies and could be used for Solar PV
- Which of the various policies, and to what extent, meet and/or support any proposed Solar PV Opportunity Area
- Which of the various policies, and to what extent, conflict with and/or do not support any proposed Solar PV Opportunity Area
- What impact would the proposed Solar PV Opportunity Area have on the various priorities within the HSP such as Environment, People, Places etc categories
- If Green Belt land is proposed as a Solar PV Opportunity Area, what are the special circumstances for that and have all requirements in the NPPF been met

2.10 Full details of the study of each Area then proposed should be published for consultation.

3. Proposed Solar PV Opportunity Areas that clearly conflict with other policies.

3.1 Whilst I have not studied all the proposed Solar PV Opportunity Areas, even without awaiting the Council's own detailed analysis of each, it seems to me at this stage that several of the proposed Areas should be not be shown as Solar PV Opportunity Areas.

3.2 For example, the 3 proposed Solar PV Opportunity Areas to the north and east of Mottram Road and Roe Cross Road, east of Stalybridge, conflict with numerous parts of the PfE (for example, the Greener Places policies covered in paragraphs 8.38 to 8.47, paragraphs 8.59 to 8.65, and policies JP-G1, JP-G5 JP-G8). There are many reasons that should exclude these Areas as Solar PV Opportunity Areas, such as; they are on a hillside visible for many miles, including from the Peak District National Park; they are next to Sites of Biological Importance; they are on Green Belt and very attractive areas of countryside, and are an important and well used area for walks, riding and cycling by the public.

4. Planning Department

4.1 On raising some of my concerns very recently with a Local Planning Officer, they were very helpful and, in their response, stated that:

*"…. the opportunity areas identified in draft Policy HSP E1: Renewable and Low Carbon Energy are **not** proposals for development, nor are they specifically earmarked for solar PV schemes. The assessment simply identifies where solar potential is highest—for example, based on factors such as slope angle and aspect."*

and

*"It is important to emphasise that these areas do **not** equate to site allocations……. Furthermore, as outlined in the policy, any future proposal for solar energy in these areas would need to take account of a wide range of relevant material planning considerations, including impacts on openness, landscape character, and heritage assets such as listed buildings or structures."*

and

"There has been no further work undertaken since the publication of the 2022 Local Area Energy Plan (LEAP) to refine or progress the consideration of solar PV opportunity areas"

4.2 It is helpful to know that the Planning Department has not specifically earmarked the Areas shown for Solar PV Areas. But as the status of these Areas is so vague or ill-defined and indeterminable, it again supports my contention that there is currently no justification at present for any Area to be shown as a Proposed "Solar PV Opportunity Area" in the HSP or Policy Map.

4.3 As stated in the LAEP Methodology Design Note "*The original work in 2021 was to understand and model what is possible in terms of solar, wind and hydroelectric energy generation in GM, rather than what is likely".* (my underlining). Such a qualification of (just) "possible" does, I think, demonstrate that without further analysis they should not be shown or treated as "Proposed" Areas. The latter is a much stronger and unwarranted terminology.

4.4 I consider that the approach of the Council is wrong. It seems from their comments above that the Solar PV Opportunity Areas have been included in the HSP and Policy Maps on the basis that only when specific development plans are put forward will consideration be given to "*a wide range of material planning considerations*". But I believe that consideration should be given to material factors and policies before an Area is put forward and included as a proposed Solar PV Opportunity Area in the HSP and Policy Map. An Area for Solar PV should not be proposed by the Council unless it considers it does meet all material considerations and policies.

5. Communications and Publicity

5.1 On a general point, I appreciate that the Council have taken certain steps to help make people aware of the HSP and Policy Map, and of their opportunity to provide feedback. I am also grateful to a Planning Officer for sending me a link to the Council's Statement of Community Involvement.

5.2 However, I am concerned (admittedly purely anecdotally from speaking to neighbours and friends) that the vast majority of people in Tameside may well be unaware of the Plans and process.

5.3 If not done already, I think the Council should set out an expected and desired level of public awareness, and then undertake surveys to test the actual level of awareness. If the desired levels are not met, alternative communication methods should then be implemented.

5.4 As regards some specific communication and publicity points:

- The proposed Solar PV Opportunity Areas are not actually mentioned in the HSP. There is just one reference to the LAEP in paragraph 7.16 of the HSP and it is merely stated there that "*The study found substantial opportunities for solar, limited opportunities for hydro and none for wind."* There is and has been no reference in the HSP to any proposed Solar PV Opportunity Areas having been specifically identified, nor that the LAEP contains a map of proposed Solar PV Areas (albeit a very small scale map). This contrasts starkly with the approach taken regarding Strategic Sites where each is separately listed in the HSP along with a plan of each site.
- The proposed Solar PV Opportunity Areas are only first shown in the Draft Policy Map in late 2025. I consider this to have been an unreasonable delay. And there is no reference in the HSP to these Areas now being shown on the Policies Map.
- I attended the library event at Stalybridge Library on 21 January 2026. The Planning Officers there were very helpful. However, whilst a bundle of documents relating to the Spatial Strategy Plans for each individual site in Stalybridge were available to attendees, no documents whatsoever were made available for the public to take concerning the Policy Map and the Solar PV Opportunity Areas shown thereon. Had people not seen

the Policies Map and not read through the entire HSP until page 125, and then tried to find the LAEP online and gone through that until page 61, they would have been totally unaware of the proposed Solar PV Opportunity Areas. Yet these Areas cover a large part of the countryside located within the Stalybridge boundaries and these proposed Areas will have a severe impact on the countryside and its enjoyment by the public.

- Once approved within the HSP and Policy Map, the Solar PV Areas will inform planning decisions. I think it important that people who live close to, or use/enjoy these Areas, should be informed of the proposal to class them as Solar PV Opportunity Areas. For example, by way of notices on lamp posts, fences etc around the proposed Areas. This is done for individual planning applications and I think should be done now during the consultation stage for the proposed Solar PV Opportunity Areas. Notification to the public of a particular planning application for a specific Solar PV site in an approved Solar PV Opportunity Area, after that Area has been adopted as a matter of policy, is too late – by then the policy of it being a Solar PV Opportunity Area will have been established, thus making any objection to a specific site application all the more difficult.

5.5 In the light of the above I do not consider that there has been appropriate communication and publicity of the proposed Solar PV Opportunity Areas.

5.6 I consider it would be wrong to assume any low response in respect of the proposed Solar PV Opportunity Areas at this stage was a sign of approval.

5.7 I consider that the proposed Solar PV Opportunity Areas should only be shown in a future iteration of the HSP once there has been appropriate communication and publicity of these proposals, and of the analysis and evidence under pinning the proposals for each Area.

6. Summary

For the reasons given above I consider that:

1) All the proposed "Solar PV Opportunity Areas" should be removed from the Draft Policies Map.
2) Paragraph 7.16 of the HSP should be amended to include wording to:
   a) Say that as the work in producing the LAEP was undertaken in 2021, further work will need to be undertaken to reflect the current position, and the Solar PV Opportunity Areas proposed as a consequence of that work will then be published for consultation
   b) Set out the policies (including other relevant polices such as those referred to in 2.4 above) to be applied to the identification and proposal of any Solar PV Opportunity Areas
3) Further detailed work, as outlined in my submission, should be undertaken to consider each of the proposed Solar PV Opportunity Areas, and other possible locations not currently shown.
4) The reasoning, and supporting analytical data, for each of the Areas then proposed (or not proposed after analysis) should be published as part of the consultation process (and each proposed Area should be detailed in the HSP in the same way as Spatial Strategy sites are)
5) The communication and publicity of the proposed Solar PV Opportunity Areas should be improved considerably. And as part of that, notices should be placed around the proposed Solar PV Opportunity Areas informing the general public of the proposals, and the time frame for them to make comments (as they are for smaller and specific planning applications).
6) And looking ahead, once the HSP and Policy Map have been approved and adopted, any proposal to develop a specific Solar PV site should be subject to the usual full planning application process.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

I hope this message finds you well. I’m reaching out with deep concern regarding the proposed site allocation near our homes and the profound impact it may have on our community.

The area referenced below also has the presence of Japanese knotweed within the proposed site, Which signs have also been put up to let people know. This invasive species poses serious challenges for any future development. How do you propose to address the removal of this knotweed? Furthermore, what procedures will be followed regarding the construction of buildings on land previously affected by it? The implications for structural integrity and environmental impact are significant and must be addressed.

HSP Allocation Reference:
- **Allocation Reference:** se rights 2025 OS 0100022697
- **HSP S2D:** Allocation 4 – Ashton Moss East
- **Location:** Ashton Moss East (Plot 3000), Lord Sheldon Way, Ashton-under-Lyne

This open grassland, located north of Lord Sheldon Way and bordered by Rayner Lane, is not merely a plot of land; it is part of the fabric of our community, surrounding us with nature and tranquility. We need to understand what development is being proposed for this site. As this could drastically alter our way of life?

It’s concerning that, despite recent activity on the land, a sign about this proposal was placed in a location that many residents have missed. This lack of visibility could mean that our community is unaware of changes that could significantly affect our lives.

Additionally, could you please clarify what assessments will be conducted regarding traffic impact, infrastructure capacity, and other environmental and community considerations? These factors are crucial in understanding how this development could influence our daily lives and the environment we cherish.

Thank you for your attention to these important matters. I look forward to your response.

Warm regards,
[redacted]

- **HSP S2D:** Allocation 4 – Ashton Moss East
- **Location:** Ashton Moss East (Plot 3000), Lord Sheldon Way, Ashton-under-Lyne

This open grassland, located north of Lord Sheldon Way and bordered by Rayner Lane, is not merely a plot of land; it is part of the fabric of our community, surrounding us with nature and tranquility. We need to understand what development is being proposed for this site. As this could drastically alter our way of life?

It’s concerning that, despite recent activity on the land, a sign about this proposal was placed in a location that many residents have missed. This lack of visibility could mean that our community is unaware of changes that could significantly affect our lives.

Additionally, could you please clarify what assessments will be conducted regarding traffic impact, infrastructure capacity, and other environmental and community considerations? These factors are crucial in understanding how this development could influence our daily lives and the environment we cherish.

Thank you for your attention to these important matters. I look forward to your response.

Warm regards,
[redacted]

Q13

What are your thoughts on the proposed development allocations in Policy HSP S2D: Ashton-under-Lyne?

I hope this message finds you well. I’m reaching out with deep concern regarding the proposed site allocation near our homes and the profound impact it may have on our community.

The area referenced below also has the presence of Japanese knotweed within the proposed site, Which signs have also been put up to let people know. This invasive species poses serious challenges for any future development. How do you propose to address the removal of this knotweed? Furthermore, what procedures will be followed regarding the construction of buildings on land previously affected by it? The implications for structural integrity and environmental impact are significant and must be addressed.

Respondent skipped this question

If you are responding on behalf of a business, charity or other organisation, please state who you are responding on behalf of.

Q3

Email address*

[redacted]

Q4

Postal Address

[redacted]

Q5

Yes

Do you want your email address to be added to our consultation mailing list to be kept informed of future planning policy and related consultations in Tameside, including on Homes, Spaces, Places? *

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

Absolutely despicable to decimate yet more green space in Tameside by building on Fairfield and Denton golf courses. I oppose this plan completely. There are far more suitable locations than this. The A57 is already heavily congested and to add this would be unconscionable and reckless. Tameside Council need to rethink this completely.

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

Objecting to the plan for solar panels at the 110 farm off Stockport Road.

The farm has recently changed ownership and the new owner has plans to re-establish it as a working farm and to provide events for the community. In fact planning permission has recently been granted for a barn on the land

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

I object to the proposed gyratory development in Audenshaw on the grounds that the site is fundamentally unsuitable for residential use and that the scheme would place unacceptable pressure on already overstretched local infrastructure.
Introducing housing in this location raises serious concerns regarding pedestrian safety, noise, vibration, air quality, and general residential amenity. The constant tram movements and surrounding traffic make this an unsuitable and potentially hazardous environment for families, children, and vulnerable residents.

The local road network is already heavily congested throughout the day, but particularly at peak hours. The addition of 35 houses will increase vehicle movements and delivery traffic which will increase congestion and journey times. This in turn will increase the risk of accidents in an area already struggling with traffic flow and tram infrastructure.

Local infrastructure is already under duress. There are obvious concerns for utilities, healthcare services, drainage, etc. this proposal risks reducing service quality for existing residents.
The gyratory is exposed to high levels of noise, vibration, and air pollution due to the constant movement of trams and traffic. This raises serious concerns about health, wellbeing, and compliance with acceptable residential living standards.
There is no justification for placing residential development on this site.

Q4

Postal Address

[redacted]

Q5

Yes

Do you want your email address to be added to our consultation mailing list to be kept informed of future planning policy and related consultations in Tameside, including on Homes, Spaces, Places? *

Q6

Yes

I confirm I have read and agree to the above.

Page 3

Q7

What are your thoughts on the Homes, Spaces, Places Vision?

Disaprove.!!!!!!
1 Traffic congestion will get worse. HG can't cope now in rush hour especially if the M60 has issues.
2 Natural springs will flood existing properties on neighbouring roads Moor field Ave
3 Where will the occupants of these houses go for doctors, dentist, school?
4 Every patch of green space is being built on. Where do kids play? Where does the wildlife go?
5 Air, noise & light pollution it must stop.
6 Build a new school, as DCC is not big enough incorporate sports facilities for the local community as it was with Two Trees school and keep the field for children to play and exercise instead of a society growing obese.

Not wanted, not needed here. Build in the town centers that are mostly empty shops and ruined markets.
